Scala Data Analysis Cookbook Arun Manivannan 2015-10-30 Navigate the world of data analysis, visualization, and machine learning with over 100 hands-on Scala recipes About This Book Implement Scala in your data analysis using features from Spark, Breeze, and Zeppelin Scale up your data analytics infrastructure with practical recipes for Scala machine learning Recipes for every stage of the data analysis process, from reading and collecting data to distributed analytics Who This Book Is For This book shows data scientists and analysts how to leverage their existing knowledge of Scala for quality and scalable data analysis. What You Will Learn Familiarize and set up the Breeze and Spark libraries and use data structures Import data from a host of possible sources and create dataframes from CSV Clean, validate and transform data using Scala to pre-process numerical and string data Integrate quintessential machine learning algorithms using Scala stack Bundle and

scale up Spark jobs by deploying them into a variety of cluster managers Run streaming and graph analytics in Spark to visualize data, enabling exploratory analysis In Detail This book will introduce you to the most popular Scala tools, libraries, and frameworks through practical recipes around loading, manipulating, and preparing your data. It will also help you explore and make sense of your data using stunning and insightful visualizations, and machine learning toolkits. Starting with introductory recipes on utilizing the Breeze and Spark libraries, get to grips with how to import data from a host of possible sources and how to pre-process numerical, string, and date data. Next, you'll get an understanding of concepts that will help you visualize data using the Apache Zeppelin and Bokeh bindings in Scala, enabling exploratory data analysis. Discover how to program quintessential machine learning algorithms using Spark ML library. Work through steps to scale your machine learning models and deploy them into a standalone cluster, EC2, YARN, and Mesos. Finally dip into the powerful options presented by Spark Streaming, and machine learning for streaming data, as well as utilizing Spark GraphX. Style and approach This book contains a rich set of recipes that covers the full spectrum of interesting data analysis tasks and will help you revolutionize your data analysis skills using Scala and Spark.

Relativity, Gravitation and Cosmology Ta-Pei Cheng 2010 An introduction to Einstein's general theory of relativity, this work is structured so that interesting applications, such as gravitational lensing, black holes and cosmology, can be presented without the readers having to first learn the difficult mathematics of tensor calculus.

Autumn in London Louise Bay 2021-01-15 Autumn in London is the second part of The Empire State Series, a series of three novellas. The series starts in A Week in New York and concludes in New Year in Manhattan.

Anna Kirby went to New York to escape heartbreak and have some fun. She wasn't meant to meet someone . . . someone like Ethan. Now, back in London, she's having to get over a man who's three thousand miles away....

Ethan Scott broke every one of his rules during his week with Anna and now he can't seem to go back to life before her. A business trip to London gives him the opportunity to change his rules for good. Will he take it?

Cold as Ice Allison Brennan 2020-10-27 In New York Times bestseller Allison Brennan's Cold as Ice, FBI Agent Lucy Kincaid must get into the head of a psychopath to save her family, and herself Two years ago, FBI Agent Lucy Kincaid put psychopath Elise Hansen Hunt in juvenile detention for her role in an organized crime

syndicate. Now eighteen, Elise has been released with a clean slate, and plans to take her revenge by making Lucy's life hell. The plot begins with Lucy's husband Sean Rogan, who has been arrested for a murder he most certainly did not commit. Lucy is determined to prove Sean's innocence, but is warned off the case by her boss. As she calls in reinforcements, she learns that Sean's brother Kane is missing in Mexico, her partner Nate Dunning has been arrested for possession of cocaine, and her friend Brad Donnelly has been kidnapped outside DEA headquarters. Lucy realizes that Elise doesn't have the resources or patience to execute such a devious plan. Did Elise's father orchestrate everything from prison? Or is there someone even more calculating seeking revenge on Lucy by hurting the people she loves? One thing is certain: if Lucy doesn't find the answers fast, Sean will die.

Death Waits in the Dark Mark Edward Langley 2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

School-age Child Care Michelle Seligson 1993 In this new edition of a pioneering work, Seligson and Allenson

explore the challenges which child care providers will encounter as the 21st century approaches. The manual guides the reader through the process of designing, implementing, and managing caring programs for children aged 5 to 12. Supported by work done at the School-Age Child Care Project of the Wellesley College Center for Research on Women, the present volume focuses on the needs of children, and provides examples of model programs as well as appropriate responses and recommendations for child care situations. By balancing this practical business operations text with an investigation into the meaning of social obligation, the authors have produced a fascinating blend of how-to and philosophy. This is an authoritative and indispensable resource.

Man in Love Laurelin Paige 2020-11-24 Scott Sebastian is a liar. Fitting, since I'm a liar too. Yet there's no place for me in his glittering world of half-truths. With all our secrets in the open, I should stop trying. What I've learned should send me running far away. I can't keep pining for a man in love if I'm not the woman he's in love with. But it's not that easy to escape the Sebastians. I already knew they owned this city. Now I'll find out if they also own their son.

Holden's Resurrection Riley Edwards 2020-10-27 Former Navy SEAL Holden Stanford gave up the only woman he ever loved so she could have the family she wanted. And she'd found it—with one of his teammates. A betrayal that cut so deep that, years later, it still bled. But his sacrifice was all for naught—the one thing he never wanted for her happened—she lost her husband on the battlefield. Now she's back. In his life, in his space, and opening old wounds. The mere sight of her destroyed him, but seeing her daughter—excruciating. The little girl was a living reminder of everything they lost. The one thing he could never get over. Charleigh Towler understood how one decision could change the trajectory of life. One night, too much alcohol and overwhelming hurt led her to make a bad decision. One she couldn't regret because out of that she made her daughter. But it had forever altered her path. For years she'd paid for her perceived mistake until the man she'd never stopped loving was almost killed and she reevaluated her life. She was done allowing Holden Stanford to hide. Never one to dally, she packed up her life and moved to Maryland to do something she should've done years ago—fight for the man she loved. Close to getting everything they should've always had, Charleigh's life is thrown off its path again—only this time it's her daughter's life that hangs in the balance. "Riley Edwards is the queen of suspense! She knows just how to grab a reader and not let go! I recommend every single one of her books!" ~Susan

Protecting His Witch Zoe Forward 2014-10-27 The last thing he wanted was to fall for a witch... Veterinarian Kat Ramsey hasn't a clue that she's a witch. Sure, she can read minds, and there's the whole "dimension-hopping" issue that she can't quite control, but Kat is determined to keep things normal. That is, until she accidentally hops into the Otherworld and runs into Matthew Ryan?the seriously hot one-night stand from years ago who shoved her out of his dorm. Naked. And there's the tiny matter of the curse she gave him. May you never find satisfaction with another woman. Billionaire and former druid Matthew Ryan hasn't forgotten the curse, or the witch who gave it to him. Kat's unexpected return means the curse will finally be broken. Unfortunately, his libido has other ideas?like how to get her back into his bed one last time. But far more worrying is his suspicion that Kat is the seventh Pleiades witch. Because while he's turned his back on his druidic ways, he's still bound to

protect the woman who made his life hell. Each book in the Keepers of the Veil series is STANDALONE: * Protecting His Witch * His Witch to Keep * Playing the Witch's Game

Psychoanalysis and Black Novels Claudia Tate 1998-02-12 Although psychoanalytic theory is one of the most potent and influential tools in contemporary literary criticism, to date it has had very little impact on the study of African American literature. Critical methods from the disciplines of history, sociology, and cultural studies have dominated work in the field. Now, in this exciting new book by the author of *Domestic Allegories: The Black Heroine's Text at the Turn of the Century*, Claudia Tate demonstrates that psychoanalytic paradigms can produce rich and compelling readings of African American textuality. With clear and accessible summaries of key concepts in Freud, Lacan, and Klein, as well as deft reference to the work of contemporary psychoanalytic critics of literature, Tate explores African- American desire, alienation, and subjectivity in neglected novels by Emma Kelley, W.E.B. Du Bois, Richard Wright, Zora Neale Hurston, and Nella Larsen. Her pioneering approach highlights African American textual realms within and beyond those inscribing racial oppression and modes of black resistance. A superb introduction to psychoanalytic theory and its applications for African American literature and culture, this book creates a sophisticated critical model of black subjectivity and desire for use in the study of African American texts.

Teaching Abby Becca Jameson 2020-02-25 It's a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret "play" room in the basement. Never mind that she's never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can't stay...

Autumn in Scotland Karen Ranney 2009-10-13 Abandoned by a rogue Betrothed to an earl she had never met,

Charlotte Haversham arrived at Balfurin, hoping to find love at the legendary Scottish castle. Instead she found decaying towers and no husband among the ruins. So Charlotte worked a miracle, transforming the rotting fortress into a prestigious girls' school. And now, five years later, her life is filled with purpose—until . . . Seduced by a stranger A man storms Charlotte's castle—and he is not the reprehensible Earl of Marne, the one who stole her dowry and dignity, but rather the absent lord's handsome, worldly cousin Dixon MacKinnon. Mesmerized by the fiery Charlotte, Dixon is reluctant to correct her mistake. And though she's determined not to play the fool again, Charlotte finds herself strangely thrilled by the scoundrel's amorous attentions. But a dangerous intrigue has drawn Dixon to Balfurin. And if his ruse is prematurely revealed, a passionate, blossoming love affair could crumble into ruin.

Risk Analysis in Stochastic Supply Chains Tsan-Ming Choi 2012-06-05 Risk analysis is crucial in stochastic supply chain models. Over the past few years, the pace has quickened for research attempting to explore risk analysis issues in supply chain management problems, while the majority of recent papers focus on conceptual framework or computational numerical analysis. Pioneered by Nobel laureate Markowitz in the 1950s, the mean-risk (MR) formulation became a fundamental theory for risk management in finance. Despite the significance and popularity of MR-related approaches in finance, their applications in studying multi-echelon supply chain management problems have only been seriously explored in recent years. While the MR approach has already been shown to be useful in conducting risk analysis in stochastic supply chain models, there is no comprehensive reference source that provides the state-of-the-art findings on this important model for supply chain management. Thus it is significant to have a book that reviews and extends the MR related works for supply chain risk analysis. This book is organized into five chapters. Chapter 1 introduces the topic, offers a timely review of various related areas, and explains why the MR approach is important for conducting supply chain risk analysis. Chapter 2 examines the single period inventory model with the mean-variance and mean-semi-deviation approaches. Extensive discussions on the efficient frontiers are also reported. Chapter 3 explores the infinite horizon multi-period inventory model with a mean-variance approach. Chapter 4 investigates the supply chain coordination problem with a versatile target sales rebate contract and a risk averse retailer possessing the mean-variance optimization objective. Chapter 5 concludes the book and discusses various

promising future research directions and extensions. Every chapter can be taken as a self-contained article, and the notation within each chapter is consistently employed.

Code Name: Rook Sawyer Bennett 2020-10-27 Being a highly skilled operative for a company like Jameson Force Security is exhilarating and important work...until it comes time to date. I like to keep my profession under wraps for a number of reasons. Some of what we do is top secret, most of what we do is dangerous, and more than one woman has tried to latch onto me because she was more enamored with what I do than who Cage Murdock really is. And since I'm more of a 'here for the night' than a 'here for forever' kind of guy, what's the harm in a little white lie about my job? My harmless deceit has never failed me. Until now. Because I met the most amazing woman and did the unthinkable. I married her. And now my beautiful, unsuspecting, probably-going-to-leave-my-sorry-behind-when-she-finds-out-the-truth wife doesn't know that I'm not a used car salesman like I told her when we met. As it typically does with lies, the truth is about to come out in a big way when Jaime unwittingly gets herself mixed up with some unsavory characters and I, along with the team at Jameson, have to intervene. Now I need to save my girl and hope I can save my marriage too. Let's just say I have some serious explaining to do.

Crimson Elite T.L. Smith LIMITED TIME BOX SET RELEASE! Welcome to Crimson Elite, the most exclusive sex club in the world. Enter at your own risk, and always remember our number one rule— You must never speak of Crimson Elite—the punishment is severe. BOOK 1 (CAVALIER) Creed 'Too Hot for Words' Christopher If God created the perfect man he would closely resemble Creed, on the outside that is. He's as cavalier as they come. Unconcerned. Cold. Dismissive. I wonder if he has any feelings at all. And when his lips touch mine, everything goes black. He takes me into his world, and it's the most magical thing I've ever experienced. And I'm sucked in time and time again. Like a moth to the flame, I am ready to be set alight. Elicea 'F*cks With My Head' Beckham Elicea is a firecracker. She has piqued my interest, and no one piques my interest anymore. Beautiful women are what I do—it's my work. Not one of them has managed to get their claws into me the way she does. It's as if she's seeing my icy heart and trying to melt it, set it alight with each touch of her sinful lips. But that can't work, it won't work. Not in my world. BOOK 2 (ANGUISHED) It wasn't meant to be this way—she shouldn't have fallen for my brother and left me for him. But she did. And now I'm left to pick up the pieces of my shattered, broken

heart. And to top it off, they want me to come to their wedding. Do they think I'm a pushover? Do they think of me as a joke? The old saying stands true, 'Why have enemies when you can have family.' I understand it now, better than I ever have in my life. There's one unexpected surprise though: Storm. She blew in just like one and makes the pain diminish. She's exactly as her name describes her—she is a storm. A beautiful and powerful one. But not all things are meant to last. Like a storm that wreaks havoc, some things cause anguish, and in my life she may very well be one of them.

Highland Protector Hannah Howell 2010-12-01 A fugitive woman finds refuge in the arms of a Highland warrior in this historical Scottish romance by the New York Times–bestselling author. Scotland, 1479. When her dagger is found buried in the body of one of the king's men, there is little room for doubt—the perpetrator must pay with her life. But IIsabeth Murray Armstrong is no killer, and only one person can help clear her name: Sir Simon Innes, a man so steely and cool that no danger can rattle him . . . and no woman in distress can sway his heart. Until now. Simon has spent his life searching for truth in a world fraught with deception. But the hauntingly beautiful fugitive seeking his aid affects him so deeply, he wonders if he can trust the flawless judgment he has always relied on. For all signs point to IIsabeth's guilt, except one—the unparalleled desire he feels at her slightest touch.

Serous Cavity Fluid and Cerebrospinal Fluid Cytopathology Syed Z. Ali 2012-03-08 Cytologic diagnosis by examination of exfoliated cells in serous cavity fluids is one of the most challenging areas in clinical cytopathology. Almost 20% of the effusions examined are directly or indirectly related to the presence of malignant disease, with carcinoma of the lung as the most common underlying culprit. This volume published in the Essentials in Cytopathology book series will fulfill the need for an easy-to-use and authoritative synopsis of site specific topics in cytopathology. These guide books fit into the lab coat pocket, ideal for portability and quick reference. Each volume is heavily illustrated with a full color art program, while the text follows a user-friendly outline format.

The Chateau Penelope Sky 2020-10-27 I've been taking care of my little sister for a long time. When Mom was gone, she suddenly became my responsibility. The best years of my life were spent being a caretaker to someone else...with no one to take care of me. So I moved to Paris for my study-abroad program and ended up staying, getting a French Literature degree, studying the classics while sipping the best wine I'd ever had. My sister never makes the best decisions, always makes messes to clean up, and it's finally time for me to have my own life. But when she comes to Paris for a visit...she brings trouble with her. She gets herself into a bad situation, and of course, I come to her rescue...like I always do. Now we're in a labor camp in the middle of nowhere, surrounded by endless snow and mountains, processing drugs for a group of men that never show their faces. There's no chance of escape in this wilderness. Except for my guard. He's not a saint, but he's the only man that's kind to me. He knows I want to escape, but he never reports me. When I've had a hard day, he brings me extra things to make my life easier. He tells me not to run because I'll never make it...but he brings me little hidden tools...as if he's giving me the means. Like he wants me to be free.

Public Investments in Energy Technology Michael P. Gallaher 2012-01-01 Escalating energy demand may be the most important issue facing the United States and the world today. There is little disagreement that research and development (R&D) is needed to develop new energy technologies for the future; however, there is less

agreement over the specific research agenda to be pursued and how that agenda is funded. This book addresses the social importance of new energy technologies, illustrates policy-relevant applications of evaluation techniques and proposes new perspectives for a US energy investment strategy. Through detailed examples related to solar, geothermal, and vehicle technologies, the authors outline the need for robust evaluation methods to document social returns to taxpayers' R&D investments. They argue that such evaluations are necessary for the public sector to make rational decisions about the allocation of its scarce resources. The evaluation methods considered involve developing alternative technology and market pathways from which the benefits of government research can be measured. Researchers and graduate students, policy makers involved in energy technology, and energy R&D program managers will all find much of value in this important and timely book.

Psychopathology Graham C. Davey 2014-08-08 Psychopathology has been designed to provide students with a comprehensive coverage of both psychopathology and clinical practice, including extensive treatment techniques for a range of mental health issues. The text is designed to be accessible to students at a range of different learning levels, from first year undergraduates to post-graduate researchers and those undergoing clinical training. Psychopathology is primarily evidence and research based, with coverage of relevant research from as recently as 2013, making it useful to researchers as well as clinicians. The emphasis in the book is on providing students with a real insight into the nature and experience of mental health problems, both through the written coverage and by providing a range of video material covering personal accounts of mental health problems. The text is integrated with a wide variety of teaching and learning features that will enable facilitators to teach more effectively, and students to learn more comprehensively. Many of these features have been updated for the new edition and new material has been included to reflect the changes in DSM-5. Features include Focus Points that discuss contentious or topical issues in detail, Research Methods boxes showing how clinical psychologists do research on psychopathology, and Case Histories detailing a range of mental health problems. Online resources An all new student website is available at www.wiley-psychopathology.com. The website houses a huge variety of new digital material including more than 50 instructional and supplementary videos covering descriptions of symptoms and aetiologies, examples of diagnosis and diagnostic interviews, recounted personal experiences of

people with mental health problems, and discussions and examples of treatment. The site also contains hundreds of new student quizzes, as well as revision flashcards, student learning activities, discussion topics, lists of relevant journal articles (many of which provide free links to relevant articles published in Wiley Blackwell journals), and topics for discussion related to clinical research and clinical practice. A fully updated lecturer test bank has also been developed including over 1,000 questions, as well as suggested essay questions and these can be accessed by instructors on our lecturer book companion site.

Purchasing and Financial Management of Information Technology Frank Bannister 2012-06-25 Purchasing and

Financial Management of Information Technology aims to significantly reduce the amount of money wasted on IT by providing readers with a comprehensive guide to all aspects of planning, managing and controlling IT purchasing and finance. Starting from a recognition that IT purchasing and the financial management often needs to be treated differently from other types of expenditure, the author draws on over 25 years of experience in the field to provide readers with useful mixture of good procedures and common sense rules that have been tried, tested and found to work. Many of these are illustrated by case histories, each with a moral or a lesson. Purchasing and Financial Management of Information Technology provides useful guidelines and advice on whole range of topics including: * IT acquisitions policy * Dealing with suppliers * Budgeting and cost control * IT cost and risk management * Specification, selection and evaluation of systems * IT value for money

SUBVERSIVE GENEALOGY Michael Paul Rogin 2013-08-28 In this major reconsideration of Herman Melville's life and work, Michael Paul Rogin shows that Melville's novels are connected both to the important issues of his time and to the exploits of his patrician and politically prominent family—which, three generations after its Revolutionary War heroes, produced an alcoholic, a bankrupt, and a suicide. Rogin argues that a history of Melville's fiction, and of the society represented in it, is also a history of the writer's family. He describes how that family first engaged Melville in and then isolated him from American political and social life. Melville's brother and father-in-law are shown to link Moby-Dick to the crisis over expansion and slavery. White-Jacket and Billy Budd, which concern shipboard conflicts between masters and seamen, are related to an execution at sea in which Melville's cousin played a decisive part. The figure of Melville's father haunts The Confidence Man, whose subject is the triumph of the marketplace and the absence of authority. A provocative study of one of our supreme literary artists.

Those Sweet Words Kait Nolan 2017-10-27 Good old, reliable Pru. Of the four Reynolds sisters, Pru is the natural choice to take on custody of the girl their late mother had planned to adopt. At thirty, suddenly becoming the mom of a teenager means big changes, but Pru's ready to do whatever it takes to adopt Ari. Before she settles down, though, she wants one thing for herself. Enter Flynn Bohannon, the sinfully sexy Irish musician in town for her sister's wedding. He's led the kind of free, vagabond life Pru can hardly imagine. Definitely not the kind of guy she should be dating, but he's the perfect guy for a crazy fun fling before her life changes. When Pru proposes a brief, no strings affair, Flynn's not about to say no. But when unexpected complications endanger the adoption, the two find themselves in a phony engagement. Now they have to convince a sharp-eyed, skeptical social worker, a teen who's too smart for her own good, three dubious sisters, and one protective brother-in-law that Flynn's willing to give up the gypsy life and settle down. But in convincing everyone that this relationship is real, will they convince each other as well?

Segmental and Prosodic Issues in Romance Phonology Pilar Prieto 2007-01-01 This volume is a collection of cutting-edge research papers written by well-known researchers in the field of Romance phonetics and phonology. An important goal of this book is to bridge the gap between traditional Romance linguistics — with its long and rich tradition in data collection, cross-language comparison, and phonetic variation — and laboratory phonology work. The book is organized around three main themes: segmental processes, prosody, and the acquisition of segments and prosody. The various articles provide new empirical data on production, perception, sound change, first and second language learning, rhythm and intonation, presenting a state-of-the-art overview of research in laboratory phonology centred on Romance languages. The Romance data are used to test the predictions of a number of theoretical frameworks such as gestural phonology, exemplar models, generative phonology and optimality theory. The book will constitute a useful companion volume for phoneticians, phonologists and researchers investigating sound structure in Romance languages, and will serve to generate

further interest in laboratory phonology.

The Secrets He Kept Jackie Walsh 2019-11-06 'will have you gripped from start to finish, so much so that you really don't want to stop reading!' (5 stars) Reader review 'I was hooked straight in from the first chapter and it really didn't let up. Fast paced and thrilling.' (5 stars) Reader review You know everything about your husband. Don't you? He loves you. He loves your children. He'd never put his family in danger. One of these is a lie. It started like any other day at the hairdressers where Sally works as a stylist... until her first client innocently shows her a family photograph; a photograph that causes Sally to collapse in shock. In one moment, Sally discovers that Tom has been hiding an explosive secret – one that could tear apart the life they've built together. Faced with an impossible dilemma - search for the truth, or keep her contented life? – Sally is about to discover that even those closest to us have secrets... and that sometimes the truth is the last thing we want to hear. A completely gripping, suspenseful psychological thriller that fans of T.M. Logan, My Lovely Wife and K.L. Slater won't be able to put down. Ancora non mi fido di te Charlotte Byrd 2020-11-24 Una volta eri l'uomo che odiavo, ma ti ho perdonato per quello che hai fatto. Ora tocca a te perdonarmi. No, non ti ho tradito, nemmeno lontanamente. Ma ho commesso un errore enorme, di quelli che fanno sopravvivere poche relazioni. E adesso? Dove andremo? È stata la cosa più stupida che abbia mai fatto, e ha cambiato tutto. Troverai nel tuo cuore la forza per perdonarmi? O è la nostra fine? ** ANCORA NON MI FIDO DI TE è il secondo libro della COPPIA dei nemici - amanti dell'autrice bestseller Charlotte Byrd che ti farà girare la testa. Cosa dicono i lettori di Charlotte Byrd: "Questo libro / serie crea dipendenza! Estremamente scottante e infuocato, intenso con colpi di scena che proprio non ti aspetterai... "????? "Lo inizi e non lo posi più!" ????? "Come diavolo ho fatto a sopravvivere? La mia mente è sconvolta, il cuore mi esplose nel petto e sono sul baratro, tremando come una foglia in una tempesta, in attesa di rifare tutto da capo, con la conclusione che sia uno dei migliori motivi per uscire dal lavoro e perdersi per un po'. " ????? "Questa serie è così intensa e deliziosa. I colpi di scena mozzafiato, le emozioni selvagge e la tensione snervante continuano ad aumentare man mano che si prosegue ogni libro di questa affascinante serie. Sono così coinvolto nella storia di Nicholas e Olivia. Questi personaggi si insinuano davvero nel tuo cuore, consumando totalmente anche la tua mente. La avvincente storia ti cattura rapidamente e ti immerge nel mondo di questa coppia. Cerca di essere preparato per il colpo di scena e per l'attesa per il sesto e ultimo libro di questa fantastica serie. " ?????
