The Legal Protection of Databases Mark J. Davison 2003-06-26 Mark Davison examines several legal models

designed to protect databases, considering in particular the EU Directive, the history of its adoption and its transposition into national laws. He compares the Directive with a range of American legislative proposals, as well as the principles of misappropriation that underpin them. In addition, the book also contains a commentary on the appropriateness of the various models in the context of moves for an international agreement on the topic. This book will be of interest to academics and practitioners, including those involved with databases and other forms of new media.

How Cool Brands Stay Hot Joeri Van Den Bergh 2013-03-03 How Cool Brands Stay Hot reveals what drives Generation Y, the most marketing savvy and advertising-critical generation, and how you can develop the right brand strategies to reach this group which, at three times the size of Generation X, has a big impact on society and business. Packed with qualitative and quantitative research plus creative ideas on how to position, develop and promote brands to the new consumer generation, it explains the five crucial steps or dimensions on how to stay a cool youngster brand. The first edition of How Cool Brands Stay Hot won the prestigious 2012 Berry-AMA Book Prize for the best book in marketing and Expert Marketer's Marketing Book of the Year 2011. This fully updated second edition incorporates additional years of extensive research and includes new case studies and 18 interviews with global brand and marketing executives of successful brands such as Converse, Heineken, Diesel, Coca-Cola, MasterCard, eBay, and the BBC.

Building Energy Audits-Diagnosis and Retrofitting

Constantinos A. Balaras 2021-01-12 The book “Building Energy Audits-Diagnosis and Retrofitting” is a collection of twelve papers that focus on the built environment in order to systematically collect and analyze relevant data for the energy use profile of buildings and extended for the sustainability assessment of the built environment. The contributions address historic buildings, baselines for non-residential buildings from energy performance audits, and from in-situ measurements, monitoring, and analysis of data, and verification of energy saving and model calibration for various building types. The works report on how to diagnose existing problems and identify priorities, assess, and quantify the opportunities and measures that improve the overall building performance and the environmental quality and well-being of occupants in non-residential buildings and houses. Several case studies and lessons learned from the field are presented to help the readers identify, quantify, and prioritize effective energy conservation and efficiency measures. Finally, a new urban sustainability audit and rating method of the built environment addresses the complexities of the various issues involved, providing practical tools that can be adapted to match local priorities in order to diagnose and evaluate the current state and future scenarios towards meeting specific sustainable development goals and local priorities.

Cycle and Automobile Trade Journal 1903

Essential Modern World History Steven Waugh 2001-09-10 This product represents a complete resource package

for the new GCSE specifications. Accompanying the student book, this resource pack has been specifically developed to match the AQA Modern World GCSE specification. The pack features practical advice and ready-to-use copymasters that aim to provide detailed assessment guidance; differentiated support for all ability levels; a breakdown of different types of questions in the written examination papers at two levels; and coverage of content options within each question type.

4000 Miles Amy Herzog 2013-04-11 It's the middle of the night when 21-year-old Leo arrives on the doorstep of the West Village apartment where his feisty 91-year-old grandmother Vera lives. She's an old Communist who lives alone, he's a latter-day hippie, recently returned from a cross-country bike trip which ended traumatically. Over the course of a single month, these unlikely roommates infuriate, bewilder, and ultimately connect. When Leo's old girlfriend shows up and he begins to reveal the mysterious events of his journey, Leo and Vera discover the narrow line between growing up and growing old. Peopled with nuanced, beautifully-drawn characters, Amy Herzog's award-winning play has established her as a remarkable new talent. 4000 Miles had its 2011 world première at New York's Lincoln Center Theater.

Managing with Aloha Rosa Say 2016-07-10 Managing with Aloha explores 19 different Hawaiian values, demonstrating how managers can bring these universal values into every kind of business practice today. With many examples drawn from her own successful career, Say shares her tested common-sense approaches to

culture-building in the workplace while achieving success in business enterprise.

Born to Use Mics Michael Eric Dyson 2010 Academic essays reflect on the 1994 album Illmatic by Nasir "Nas" Jones, covering topics ranging from jazz history to gender.

Any Means to An End Andrew R Welsh 2021-06-26

Winner of 2nd Prize in the 2012 Rosetta Press Literary Contest. Diaries are uncovered detailing the a year in the life of Richard Buchanan. He is an English Navy officer leading a gang of sailors through the blue water of the Caribbean to the grey of the Baltic. They wreak havoc on enemy shipping, and anyone crossing their path. Finding intrigue, murder and romance along the way, will they ever return to England?

The Motorcycle Illustrated 1913

Standard Catalog of American Cars, 1805-1942 Beverly Rae Kimes 1996 This new revised and updated edition is the ultimate buyer's/seller's/user's guide for American automobiles manufactured from 1805 to 1942. With more than 5,000 photos and histories of cars and their companies written by one of America's most respected automotive historians, this is the most extensive automobile reference available.

Ancestry Scrapbook Royal Journals 2016-11-19 Use this Scrapbook Journal to document your family ancestry Keep everything in one place Don't lose those stories.

The Pain and the Itch Bruce Norris 2008-06-05 In this brief but staggering two-act, playwright Norris demonstrates his skill at drawing out the dark truth that lurks beneath the surface of the "perfect" family. His crackling satire takes dead aim at the self-satisfied, left-

leaning American upper-middle class and its many self-delusions. On a winter afternoon, Kelly and Clay—an attractive, prosperous, seemingly happy couple with a four-year-old daughter and a newborn baby—must explain to a visitor the events of the previous Thanksgiving, on which, so it seems, someone or something had been gnawing at the avocados on their kitchen table. In the course of this holiday gathering—attended by Clay’s mother, a well-meaning but clueless first-grade teacher who spouts pointless liberal bromides; his brother, a plastic surgeon with a nihilistic streak and a taste for martinis; and his brother’s girlfriend, a sexy Balkan immigrant with a love for all things American (racism included)—the recent past is unearthed along with revelations of failed marriages, fraternal hatred, infidelity and venereal disease, in the form of their daughter’s nasty genital infection. And it’s a comedy. As the story is gradually unfolded to their visitor, a Muslim cab driver, his relationship to the events becomes increasingly clear, as does the emptiness of the family’s supposed benevolence and sensitivity. With its crashing emotion and cutting humor, this vicious dissection of the comfortable progressive life lays bare the lies that people use to feel righteous even as they veer off a genuinely ethical path.

Supernormal Meg Jay 2017-11-14 Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a

parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

Neracar Ken Philp 2002-05-01

Uncovering the Correttis Carol Marinelli 2013-04-01 The more powerful the family...the darker the secrets. Meet the family everyone's talking about in this prequel novella to the Sicily's Corretti Dynasty series, brought to you by Harlequin Presents. Investigative journalist Emily Hyslop is furious when her editor—and ex—reassigns her from a career-making expos to a frivolous wedding in Sicily. But scandalous secrets lie behind the union of the rival Corretti and Battaglia families. Things start looking up

when Emily meets the most intimidating, not to mention sexiest, man she's ever encountered.... Detective Anton Soranno has valuable insight into the Correttis and their scandalous dealings...and plenty of reason to hate them. He's the perfect source of information—and the more he helps Emily with her story, the more time they have to explore their intense desire. But even as their passionate nights uncover surprising feelings in both of them, Emily and Anton know that she must leave Sicily once the wedding is over.... Look for more books in the Sicily's Corretti Dynasty series from Harlequin Presents, beginning with *A Legacy of Secrets* by Carol Marinelli.

The Eureka Factor John Kounios 2015-04-14 In a book perfect for readers of Charles Duhigg's *The Power of Habit*, David Eagleman's *Incognito*, and Leonard Mlodinow's *Subliminal*, the cognitive neuroscientists who discovered how the brain has aha moments—sudden creative insights—explain how they happen, when we need them, and how we can have more of them to enrich our lives and empower personal and professional success. Eureka or aha moments are sudden realizations that expand our understanding of the world and ourselves, conferring both personal growth and practical advantage. Such creative insights, as psychological scientists call them, were what conveyed an important discovery in the science of genetics to Nobel laureate Barbara McClintock, the melody of a Beatles ballad to Paul McCartney, and an understanding of the cause of human suffering to the Buddha. But these moments of clarity are not given only to the famous. Anyone can have them. In *The Eureka Factor*, John Kounios and Mark

Beeman explain how insights arise and what the scientific research says about stimulating more of them. They discuss how various conditions affect the likelihood of your having an insight, when insight is helpful and when deliberate methodical thought is better suited to a task, what the relationship is between insight and intuition, and how the brain's right hemisphere contributes to creative thought. Written in a lively, engaging style, this book goes beyond scientific principles to offer productive techniques for realizing your creative potential—at home and at work. The authors provide compelling anecdotes to illustrate how eureka experiences can be a key factor in your life. Attend a dinner party with Christopher Columbus to learn why we need insights. Go to a baseball game with the director of a classic Disney Pixar movie to learn about one important type of aha moment. Observe the behind-the-scenes arrangements for an Elvis Presley concert to learn why the timing of insights is crucial. Accessible and compelling, *The Eureka Factor* is a fascinating look at the human brain and its seemingly infinite capacity to surprise us. Praise for *The Eureka Factor* “Delicious . . . In *The Eureka Factor*, neuroscientists John Kounios and Mark Beeman give many other examples of [a] kind of lightning bolt of insight, but back this up with the latest brain-imaging research.”—*Newsweek* “An incredible accomplishment . . . [*The Eureka Factor*] is not just a chronicle of the journey that numerous scientists (including the authors) have taken to examine insight but is also a fascinating guide to how advances in science are made in general. Messrs. Kounios and Beeman examine how a parade of clever experiments can be designed to

answer specific questions and rule out alternative possibilities. . . . Wonderful ideas appear as if out of nowhere—and we are delighted.”—The Wall Street Journal “An excellent title for those interested in neuroscience or creativity . . . The writing is engaging and readable, mixing stories of famous perceptions with explanations of how such revelations happen.”—Library Journal (starred review) “A lively and accessible ‘brain’ book with wide appeal.”—Booklist “[An] ingenious, thoughtful update on how the mind works.”—Kirkus Reviews “The Eureka Factor presents a fascinating and illuminating account of the creative process and how to foster it.”—James J. Heckman, Nobel laureate in economics

Motor Age 1920

The Darwin Awards II Wendy Northcutt 2001-12-01 The hilarious New York Times bestselling phenomenon and the perfect funny gift! The Darwin Awards II: Unnatural Selection brings together a fresh collection of the hapless, the heedless, and the just plain foolhardy among us. Salute the owner of an equipment training school who demonstrates the dangers of driving a forklift by failing to survive the filming of his own safety video. Gawk at the couple who go to sleep on a sloping roof. Witness the shepherd who leaves his rifle unsecured—only to be accidentally shot by one of his own flock. With over one hundred Darwin Award Winners, Honorable Mentions, and debunked Urban Legends, plus science and safety tips for avoiding the scythe of natural selection, The Darwin Awards II proves once again how uncommon

common sense can be.

Harmony Search Algorithm Joong Hoon Kim 2015-08-08

The Harmony Search Algorithm (HSA) is one of the most well-known techniques in the field of soft computing, an important paradigm in the science and engineering community. This volume, the proceedings of the 2nd International Conference on Harmony Search Algorithm 2015 (ICHSA 2015), brings together contributions describing the latest developments in the field of soft computing with a special focus on HSA techniques. It includes coverage of new methods that have potentially immense application in various fields. Contributed articles cover aspects of the following topics related to the Harmony Search Algorithm: analytical studies; improved, hybrid and multi-objective variants; parameter tuning; and large-scale applications. The book also contains papers discussing recent advances on the following topics: genetic algorithms; evolutionary strategies; the firefly algorithm and cuckoo search; particle swarm optimization and ant colony optimization; simulated annealing; and local search techniques. This book offers a valuable snapshot of the current status of the Harmony Search Algorithm and related techniques, and will be a useful reference for practising researchers and advanced students in computer science and engineering.

Twelve Angry Women Reginald Rose 1984 Length: 3 acts.

21 Layers of the Soul Annemiek Douw 2013-10-01

Prepare to Enter 21 New Doorways of Healing You're already on a spiritual journey. Or perhaps, you're starting one right now. You've embarked on this path because you were curious to find out the Truth about life. Perhaps you

felt lost, alone or without direction. Or, perhaps you or someone in your life became ill -- spiritually, physically, mentally or emotionally -- and you were desperate to find a way to heal the pain. You know the answer lies somewhere within the depths of your soul, but you don't know how to reach it, connect with it or hear its wisdom. If only you had some sort of inner guidance system -- a 'GPS' -- to help you navigate back to the right path. This is the book that can help you tap into and master that inner GPS... "21 Layers of the Soul: healing the karmic ties with friends, lovers, family and enemies" In this book, author Annemiek Douw MSc shares over 100 case histories from more than 15 years of healing work, during which time she discovered the 21 layers of the aura -- something never before revealed in any other healing book.

Meticulously analysed and defined, Annemiek shows us how exploring these 21 layers can provide us with a clear blueprint of the intricate system that leads us to incarnate on the Earth. You'll learn the meaning of each of the 21 layers, and how to recognise their influence in your life, so you can start to unravel so many of the mysteries that have perplexed you for decades -- or perhaps even lifetimes. If you've ever wondered... Whether there is such a thing as 'family karma' Whether there is an ultimate plan for your life Whether we make 'soul agreements' with others before we are born Whether we can become influenced by the whole of humanity ...then, this book will give you both practical and intuitive answers to the questions you've been asking. You'll discover how these 21 layers can help explain: Why some people can't stop cheating on their spouse Why some children die in

infancy Why sexual abuse is impacting your life Why the death of a loved one can sometimes make you ill Why you're just not meeting the love of your life How and why angels, guides, light beings and deceased loved ones communicate with you Why you suffer from thyroid problems, chronic fatigue syndrome, or other health issues Why some Autistic children have extraordinary (and even paranormal) perceptual abilities Why you're not recovering from cancer after your treatment is over How you suffer when you block your natural paranormal abilities And much more Simply by reading how Annemiek worked with these real-life patients to unblock each specific layer, you'll begin to heal at an energetic level and grow as a soul. And then, as you learn how to recognise the influences of these 21 layers in your own life, you can deepen your healing through five of Annemiek's unique clearing exercises, which you'll find in the back of the book. So after all your spiritual searching, if you're finally ready to find ONE book that can help you get reconnected and regain the peace and ease you so dearly desire, pick up "21 Layers of the Soul" and start to navigate the wonderful journey back to your Self.

Spinning Side Kick Anita Lahey 2011 Anita Lahey's second collection, Spinning Side Kick, is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick,

punctuated with jabs. She eyes those moments—in a day, in a life—when the normal clues we rely on disappear, shifting the line between domesticity and danger. In *Spinning Side Kick*, a talented poet returns with sharper aim.

*The World's Motorcycles, 1894-1963* Erwin Tragatsch 1964

*The Winter Ghosts* Kate Mosse 2011-02-03 From the New York Times bestselling author of *Sepulchre* and *Labyrinth*—a compelling story of love, ghosts and remembrance. World War I robbed England and France of an entire generation of friends, lovers and futures. In Freddie Watson's case, the battlefields took his beloved brother and, at times, his peace of mind. In the winter of 1928, still seeking some kind of resolution, Freddie is travelling through the beautiful but forbidding French Pyrenees. During a snowstorm, his car spins off the mountain road. Freezing and dazed, he stumbles through the woods, emerging in a tiny village, where he finds an inn to wait out the blizzard. There he meets Fabrissa, a lovely young woman also mourning a lost generation. Over the course of one night, Fabrissa and Freddie share their stories. By the time dawn breaks, Freddie will have unearthed a tragic mystery that goes back through the centuries, and discovered his own role in the life of this old remote town. By turns thrilling, poignant, and haunting, this is a story of two lives touched by war and transformed by courage.

*The Encyclopedia of the Motorcycle* Hugo Wilson 1995  
The *Motorcycle Encyclopaedia* is a complete and comprehensive reference work. The book is designed in

two major sections. The first is a photo-gallery of over 400 classic motorbikes, alphabetically arranged by manufacturers, with all their significant models covered in detail. The second section lists every maker from the inception of motorcycling to the present day, and includes rare photographs and design blueprints. Each manufacturer is profiled, from ABC to Sundapp through giants of the industry like Honda and extinct but fondly remembered producers like Vincent and Velocette.

Tile & Till 1915

Logotypes of the World Yasaburo Kuwayama 1988

The New Illustrated Encyclopedia of Motorcycles Kevin Ash 2000-05-01 Chronicles the history of the motorcycle and presents brief details on more than two thousand manufacturers, profiles of selected manufacturers, and over a thousand photos.

The Steward of Christendom Sebastian Barry 1998 THE STORY: The fifth play in a cycle of plays about the author's Irish family, THE STEWARD OF CHRISTENDOM is a freely imagined portrait of the author's great-grandfather, Thomas Dunne, the last Chief Superintendent of the Dublin Metropolitan Police

Don't Dress for Dinner Robin Hawdon 1992 In a renovated French farmhouse about a two-hour drive from Paris, Bernard is hoping to send his wife, Jacqueline, to her mother's for the weekend, in hopes he can romance his mistress, Suzanne, a Parisian model. Bernard has hired a Cordon Bleu cook, Suzette, and as an alibi invited his friend Robert to dinner.

Haiti Ron Haviv 2010-06-01 A unique, arresting and versatile document of the traumatic earthquake which hit

Haiti in 2010 and its aftermath. Encased in a cardboard box, the project comprises 16 unbound posters and a map page which draws attention to the epicentre and its rippling impact on the population of the island. The unique format allows the viewer to absorb each page individually or to hang the entire project. The visual testimony to the events of the the first days after the event are provided by award-winning photographer Ron Haviv and the essay by esteemed writer Simon Winchester.

Motorcycling and Bicycling 1919
