Art Fundamentals - shop.3dtotal.com

It's called Art Fundamentals and was written by three concept artists working professionally in the industry. It covers all the major fundamentals like perspective, light, anatomy, and composition. It's not as in-depth as my other recommendations, but it is one of the few books focused solely on the fundamentals. Also it was written by professional concept artists so their teaching methods align perfectly with aspiring artists looking to work in the industry.
