The handbook has a section on the use of proper English and clear, simple drafting.

We have more licensed drivers and registered vehicles than any other state. That means California's roads pose unique challenges for drivers, cyclists and pedestrians. But when we follow the rules of the road and drive with safety in mind at all times, everyone benefits. That is why this California Driver Handbook is so important.

Effective March 27, 2020, California Department of Transportation (Caltrans) has made edits, referred to as Revision 5 (Rev 5), to the 2014 California Manual on Uniform Traffic Control Devices (CA MUTCD), to provide uniform standards and specifications for all official traffic control devices in California. This action was taken pursuant to the provisions of California Vehicle Code Section 21400 and the recommendations of the California Traffic Control Devices Committee (CTCDC).
