Demon Familiar Jory Strong 2014-04 Pulled from the void by a binding spell, demon essence becomes mortal-familiar, and lanthe forms, yielding to her preference for the female shape. She longs to live a human life, to love as a human, and while she's escaped the dark realm and the lord she called master, she can't escape her nature. Incubus, succubus, lanthe is able to shift between male and female forms, though both aspects need to be fed. She could have any man, but it's Homicide Detective Miguel Torres she wants, the man who unknowingly summoned and bound her. Their attraction is intense, immediate, and Miguel believes he'll never want another-until he meets Ian, lanthe's mysterious twin. Attempting to withstand needs and urges denied since childhood, Miguel buries himself in Ian's lush body as he battles his attraction to Ian. Then drowns in shame when he succumbs to it-only to have the murder of a gay teen force him to revisit the past...before he loses his future.

A Guide to the Birds of East Africa Nicholas Drayson 2009-03-05 For lovers of Alexander McCall Smith, Nicholas Drayson introduces the charming Mr Malik and the East African Ornithological Society in A Guide to the Birds of East Africa. Reserved, honourable Mr Malik. You wouldn't notice him in a Nairobi street - except, perhaps, to comment on his carefully sculpted comb-over - but beneath his unprepossessing exterior lie a warm heart and a secret passion. Not even his closest friends know it, but Mr Malik is head-over-heels in love with the leader of the local Tuesday-morning bird walk, Rose Mbikwa. Little can he imagine the hurdles that lie before him. Even as he plucks up the courage to ask for Rose's hand, thieves, potential kidnappers and corrupt officials, not to mention one particularly determined love rival, seem destined to thwart Mr Malik's chances. Will an Indian gentleman in the heart of Africa be defeated by the many obstacles that stand between him and his heart's desire? Or will honour and decency prevail? 'A funny, ingenious and touching love story' Joanne Harris, The Times 'A delightful comedy... It invites comparison to The No.1 Ladies' Detective Agency books, but it's original and, if anything, has more depth' Daily Mail 'Sweet, charming and utterly wonderful on the subject of birds' Metro Nicholas Drayson was born in England and has lived in Australia since 1982, where he studied zoology and a PhD in 19th century Australian natural history writing. He has worked as a journalist in the UK, Kenya and Australia, writing for publications such as the Daily Telegraph and Australian Geographic. He is the author of three other novels, Confessing a Murder, Love and the Platypus and A Guide to the Beasts of East Africa.

Southern First Ladies Katherine Amelia Siobhan Sibley 2021 "The American South has long been understood to have a strong sense of place, as seen especially in the arts. This distinctive Southern culture has also had an important influence on the American first ladies, though scholars have largely overlooked the region's role in shaping their legacy. Through nineteen biographical and thematic chapters, Southern First Ladies explores how the cultural background of the Southern first ladies shaped their priorities and responsibilities. With four of the first five presidents from the South, their partners played an important role in the earliest definition and development of what it has meant to be first lady, especially in the ways they wrestled with the traditions of their backgrounds and responded to often confining social expectations. Part one of the volume surveys the Southern first ladies from the Early Republic to the late Reconstruction period. Martha Washington, Dolley Madison, Elizabeth Kortright Monroe, and Julia Tyler defined the Southern first lady, instituting and reinforcing Southern practices and prejudices, especially regarding gender, race, and the institution of slavery. These practices violently tore the country apart during the Civil War, which the book explores by looking at the complex, polarizing figures of Mary Lincoln and Varina Davis. Nancy Beck Young concludes the first part by focusing on the Southern roots of the activism that has come to characterize this office. Part two then examines the activist first ladies of the twentieth and twenty-first centuries, including the Progressive era first ladies, Ellen and Edith Wilson, the environmentally focused Lady Bird Johnson, and the diplomacy of Rosalynn Carter. The authors also look at those who migrated to the South, such as Barbara Bush and Hillary Clinton. Katherine Sibley concludes the volume by reflecting on the activism of the modern first ladies"--

To Steal a Lady J.J. Barrie 2009-02-03 The Mona Lisa was stolen from her place of repose in the Salon Carré in the finest museum in the world, the Louvre, on 21 August 1911 ... and returned in 1913. That much is fact. A compelling story of the intrigue surrounding the 1986 robbery of Da Vinci's icon of the art world. An enthralling and engaging scheme of double-cross, conspiracy,

murder, and a deadly vendetta. Transposed to modern-day Paris, the persuasive plot moves from Florence and Hong Kong, to Nice and Majorca - a tale rich in atmosphere and alive with the imagery of the locales - and an unexpected conclusion. 'A gripping, suspense filled story - an entertaining read...' 'A most engaging and plausible plot...' 'Move over Dan Brown...'

The Misbegotten Son Jack Olsen 2020-05-28 Little Artie Shawcross bullied classmates, insulted teachers, started fires, tortured animals, and roved the woods of New York's hardscrabble North Country with imaginary friends, talking in a high squawk. He also scored top grades, excelled in sports and shared his money and toys with the children who ridiculed him. From the second grade on, he was subjected to psychiatric examination, regularly confounding the experts. Years later, while serving in Vietnam, Arthur John Shawcross wrote bloodcurdling letters about his battlefield ordeals, then returned to Watertown to commit a string of arsons and burglaries. He served two years in prison, was paroled to his respectable parents - and murdered a boy and a girl. Back in the penitentiary, he proved as enigmatic as ever. Some counselors saw him as a Frankenstein monster, beyond hope, irredeemable. To others he was a troubled young man who could be saved. No two psychiatrists seemed to agree. Shawcross served fifteen years, then conned a parole board into an early release. He settled in Binghamton, but angry citizens learned of his bloody history and ran him out of town. After two smaller communities turned him away, desperate parole authorities finally smuggled the child-killer into Rochester in the dead of night - neglecting to alert the local police. Soon the corpses started turning up, locked in winter ice, covered by reeds in swamps, floating in streams. The homicidal pedophile had changed his M.O., this time murdering diminutive women. As the body count grew, Rochester streets swarmed with police, and still the serial killer managed to snare his tenth victim, then his eleventh. Amazon.com Accounts of more famous serial killers like Ted Bundy or Jeffrey Dahmer may have ghoulish entertainment value, but I agree with writer Darcy O'Brien that this meticulously factual study of child sex-murderer Arthur Shawcross "comes closer to capturing the psychology of a serial killer than anything else I've ever read." The strength of this book (semi-finalist for a 1994 Edgar Award) comes first from the quality of the materials--including first-person interviews with the killer's wives, girlfriends, co-workers, police officers, therapists, and even a prostitute who "played dead" for Shawcross--and second, from Olsen's ability to weave the information into a highly readable story that reveals, above all, the ineffectiveness of our system of rehabilitation and parole. From Publishers Weekly An experienced and skilled writer, Olsen (Predator) proves himself equal to the formidable task of studying serial killer Arthur Shawcross. Born in 1945 in upstate New York, Shawcross was perceived as different even in childhood (his classmates dubbed him "Oddie," and elementary school officials called for mental health evaluations). In the early '70s he murdered two children and was sentenced to up to 25 years in prison; he served less than 15 years before he was paroled in 1987. He was difficult to place--townspeople drove him out as soon as his past became known. After three such episodes, parole officials sent him surreptitiously to Rochester, N.Y., where he killed at least 11 prostitutes. He was arrested in 1990 and eventually sentenced to 250 years in prison. During the trial, he claimed that he had been physically and sexually abused by his mother (untrue, the authorities concluded) and that he had committed horrible atrocities in Vietnam (probably untrue). He did not fit the classic pattern of the sociopath, nor did he seem either schizophrenic or paranoid. It remained for psychiatrist Richard Kraus to hypothesize that physiology was the basis for Shawcross's behavior--he diagnosed Shawcross as suffering from a metabolic ailment known as pyroluria and an abnormal genetic constitution. Told by Olsen with contributions from others affected by Shawcross's crimes, the story is a triumph of true-crime writing.

Feminism and Social Change Heidi Gottfried 1996 "Fresh, original, and brings together in one place a set of authors who are very important to the field." -- Mary Margaret Fonow, coeditor of Beyond Methodology: Feminist Scholarship as Lived Research "Finally, a collection dedicated to demonstrating precisely what it means to do feminist research" -- Madonna Harrington Meyer, University of Illinois at Urbana-Champaign How likely is feminist research to promote change in society? Are some research methods more successful at bringing about change than others? Contributors to this volume discuss principles of feminist inquiry, providing examples from their own experience and evaluating research practices for their potential to promote social change. The twelve chapters cover methodologies including ethnographic study, in-depth interviewing, naming, and going public. Also explored are consultative relationships between academic researchers and activist organizations, participatory and advocacy research processes, and coalition building.

Health Promotion Throughout the Life Span - E-Book Carole Lium Edelman 2021-10-20 Master health promotion for all ages and population groups! Health Promotion Throughout the Life Span, 10th Edition provides comprehensive coverage of leading health promotion concepts from assessment to interventions to application. Its lifespan approach addresses patients' unique needs with case studies and care plans presented within an assessment framework based on Gordon's Functional Health Patterns. Addressing each age and stage of development, this market-leading text covers the latest research and trends in health promotion and disease prevention for diverse population groups. Coverage of growth and development addresses health promotion concepts for each age and each stage of development through the lifespan. Case studies present realistic situations with questions that challenge you to apply key concepts to further develop clinical judgment. Think About It clinical scenarios at the beginning of each chapter include questions to encourage clinical judgment. Research for Evidence-Based Practice boxes summarize current health-promotion studies showing the links between research, theory, and practice. Hot Topics boxes introduce significant issues, trends, and controversies in health promotion. Separate chapters on population groups — the individual, family, and community — highlight the unique aspects of assessment and health promotion for each group. Quality and Safety Scenario boxes focus on QSEN-related competencies with examples of health promotion. Innovative Practice boxes outline unique and creative health promotion programs and projects currently being implemented. Health and Social Determinants/Health Equity boxes address cultural perspectives relating to planning care. NEW! Greater emphasis on health equity highlights the need to make health promotion accessible to all. NEW! Increased focus on diversity and inclusion better reflects the communities being served. NEW! Veteran's health content is incorporated throughout, as appropriate. NEW! Discussions of Healthy People 2030 initiatives and objectives address national health issues and priorities. NEW! Updated diagnosis terminology includes ICNP diagnoses or patient problems. NEW! Affordable Care Act references are more general to reflect changing politics.

The Great Mosque of Damascus Finbarr Flood 2021-07-26 Focussing on the Great Mosque of Damascus, this volume discusses the scope and significance of the building campaign undertaken by the Umayyad caliph al-Walid b. 'Abd al-Malik (86-96/705-15), and its implications for the development of early Islamic visual culture.

Social Anthropology and Language Edwin Ardener 2013-10-08 Providing a critical framework for the consideration of the relationship between modern social anthropology and linguistics, this volume covers topics such as classification, symbolism, and structuralism. The relevance of the works of Saussure, Lévi-Strauss and Chomsky is considered. There are two case-studies: the

first outlines a 'social history' of the succession of pidgins that are documented on the West African coast, ending with Pidgin English. The second analyzes the status of three language varieties used in a 'trilingual' community in the Carnian Alps. Originally published in 1971.

Ohio Encyclopedia Jennifer Herman 2002-01-01 OHIO ENCYCLOPEDIA is the definitive reference work on Ohio ever published.

The noted Ohio historian Michael S. Mangus from Ohio State University has written articles on Introduction to Ohio History, Early History of Ohio, and Ohio History. These articles cover the history of Ohio, from the early explorers to twenty-first century events.

Other major sections in this reference work are Ohio Symbols and Designations, Geography and Topography of Ohio, Profiles of Ohio Governors, Chronology of Ohio Historic Events, Dictionary of Ohio Places, Ohio Constitution, Bibliography of Ohio Books, Pictorial Scenes of Ohio, State Executive Offices, State Agencies, Departments and Offices, Ohio Senators, Ohio Assembly Members, U.S. Senators and U.S. Congress members from Ohio, Directory of Ohio Historic Places and Index. All sections contain the latest up to date information on the Buckeye State. OHIO ENCYCLOPEDIA contains stunning photographs and portraits to compliment the expertly written text. Population charts are arranged alphabetically by city or town name, and by county. This allows students easy access to find population figures for their area of interest. Other population charts list all places in Ohio by largest populated places to least populated places by city or county. Several directories contain information on elected state and federal officials along with their contact information including mail and email addresses, phone and fax numbers. Easy to use reference maps are included to find your newly elected state or federal officials. The Directory of State Services lists the head officials and full contact information on state agencies and departments, some of which were just newly created by the legislature. The Directory of Ohio Historic Places contains all the latest up to date information on every Ohio historic place. The Bibliography includes that latest books published on Ohio people and places. A detailed Index makes the work thoroughly referential. OHIO ENCYCLOPEDIA offers librarians, teachers and students a single source reference work that provides the answers to the most frequently asked questions about Ohio and its history.

The Finisher Jan Kinne Conway 2009

Forensic Investigator Esther McKay 2009-08-03 FORENSIC INVESTIGATOR Geoff Bernasconi had always been passionate about his job as a policeman in rural New South Wales and, from the earliest days of his career, went the extra mile, both for victims of crime and for their families. But one night in 1984, he was called to investigate the scene of an horrific car accident in which an entire family had been wiped out – and which it was impossible for him to forget. Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-traumatic stress disorder. When Esther McKay, fellow forensic investigator and author of the best-selling Crime Scene, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.
