Pelo Bueno Yolanda Arroyo Pizarro 2018-10-15 La abuela Petronila demuestra todo el amor que siente por su nieta, al contarle historias familiares. También brinda lecciones sobre la defensa del cabello natural. Este es un cuento que resalta las raíces de la afropuertorriqueñidad y que infunde orgullo para que crezca la autoestima en nuestros nietos y nietas, hijos e hijas.

Modernity in Black and White Rafael Cardoso 2021-03-31 In his first single-authored English-language work, Rafael Cardoso offers a re-evaluation of modern art and modernism in Brazil.

Remembered for a While Nick Drake 2014-12-09 A vivid portrait of the English singer-songwriter and musician Nick Drake Nicholas Rodney "Nick" Drake was an English singer-songwriter and musician, known for his acoustic guitar-based songs. Drake released only three complete albums -- Five Leaves Left (1969), Bryter Layter (1970), Pink Moon (1972) -- and was not well known before his death in 1974. Yet he gained a massive posthumous following, inspiring leading musicians such as R.E.M.'s Peter Buck and Robert Smith of The Cure and bands such as Coldplay and The Black Crowes. Forty years after Nick's death, Remembered for a While peels back some of the mystery surrounding his life. The book will feature gorgeous color photographs, as well as original letters and interviews with family and friends. As Nick's sister writes in the introduction, Remembered for a While will reveal "the poet, the musician, the friend, the son, the brother, who was also more than all of these together, and as indefinable as the morning mist." At long last, Remembered for a While paints a portrait of a visionary musician who inspired a fanatical following and whose legacy continues to inspire future generations of musicians -- and the lives of his fans.

Product and Services Management George Avlonitis 2006-04-11 `A text that successfully bridges the gap between academic theorizing and practitioner applicability because it uses multiple real-world examples/mini-cases of management techniques to illustrate the well-researched academic theoretical foundations of the book' - Creativity and Innovation Management `A complete and useful treatment of the domain of product and service decisions. This book is unique in its treatment, dealing with product and service portfolio evaluation, new product/service development and product/service elimination in an integrated manner.

Enlivened by many mini-cases, the book provides a soup-to-nuts approach that will prove very attractive for students and be a valuable reference for managers as well. Highly recommended' - Gary L Lilien, Distinguished Research Professor of Management Science, Penn State University `Product and Services Management (PSM) is a welcome, up to date summary of the key issues facing firms in developing and refreshing their portfolios. The examples and cases bring the academic arguments clearly into focus and demonstrate the crucial role of PSM in leading the overall strategy of the firm' - Professor Graham Hooley, Senior Pro-Vice-Chancellor, Aston University, Birmingham `Managers responsible for and students interested in product portfolio decisions previously had to consult several sources for obtaining up-to-date information; books on new product development, articles on service development, readers on product management, and frameworks for product evaluation and termination. With the book Product and Services Management the reader obtains four-in-one. Avlonitis and Papastathopoulou reveal in a compelling and comprehensive manner why product decisions are the cornerstone of modern marketing and business, and illustrate the theory with numerous mini-cases from Europe and elsewhere. A must read for everyone with a passion for products' - Dr Erik Jan Hultink, Professor of New Product Marketing, Delft University of Technology This book provides a holistic approach to the study of product and services management. It looks at the key milestones within a product's or service life cycle and considers in detail three crucial areas within product management, namely product/service portfolio evaluation, new product/service development and product/service elimination. Based on research conducted in Europe and North America, this book includes revealing cases studies that will help students make important connections between theory and practice. The pedagogical features provided in each chapter include chapter introduction, summary, questions and a further reading section. Additional material for instructors include PowerPoint slides and indicative answers to each chapter's questions. This book is written for undergraduate and postgraduate students of business administration who are pursuing courses in marketing, product portfolio management, new product development and product policy.

Harness Horse 1982

Assassin's Heart Sarah Ahiers 2016-02-02 With shades of Game of Thrones and Romeo and Juliet, this richly imagined fantasy from debut author Sarah Ahiers is a tale of love, lies, and vengeance. Fans of Kristin Cashore and Rae Carson will devour the flawlessly crafted action and inventive world building. Seventeen-year-old Lea Saldana is a trained assassin. She was born into one of the nine clipper Families in the kingdom of Lovero who lawfully take lives for a price. As a member of the highest-ranking clan, loyalty to Family is valued above all, but that doesn't stop Lea from getting into a secret relationship with Val Da Via, a boy from a rival clan. Despite her better judgment, Lea has fallen in love with him; but she's confident she can anticipate any threat a mile away. Then she awakens one night to a house full of smoke. Although she narrowly escapes, she isn't able to save her

Family as their home is consumed by flames. With horror, she realizes that Val and his Family are the only ones who could be responsible. Devastated over his betrayal and the loss of her clan, there's just one thing on her mind: making the Da Vias pay. The heart of this assassin craves revenge.

The 4-Hour Workweek, Expanded and Updated Timothy Ferriss 2009-12-15 The New York Times bestselling author of The 4-Hour Body shows readers how to live more and work less, now with more than 100 pages of new, cutting-edge content. Forget the old concept of retirement and the rest of the deferred-life plan—there is no need to wait and every reason not to, especially in unpredictable economic times. Whether your dream is escaping the rat race, experiencing high-end world travel, or earning a monthly five-figure income with zero management, The 4-Hour Workweek is the blueprint. This step-by-step guide to luxury lifestyle design teaches: • How Tim went from \$40,000 per year and 80 hours per week to \$40,000 per month and 4 hours per week • How to outsource your life to overseas virtual assistants for \$5 per hour and do whatever you want • How blue-chip escape artists travel the world without quitting their jobs • How to eliminate 50% of your work in 48 hours using the principles of a forgotten Italian economist • How to trade a long-haul career for short work bursts and frequent “mini-retirements” The new expanded edition of Tim Ferriss’ The 4-Hour Workweek includes: • More than 50 practical tips and case studies from readers (including families) who have doubled income, overcome common sticking points, and reinvented themselves using the original book as a starting point • Real-world templates you can copy for eliminating e-mail, negotiating with bosses and clients, or getting a private chef for less than \$8 a meal • How Lifestyle Design principles can be suited to unpredictable economic times • The latest tools and tricks, as well as high-tech shortcuts, for living like a diplomat or millionaire without being either

The Advocate 2004-08-17 The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Land of Smoke Sara Gallardo 2018-07-10 Dazzling, hallucinatory stories by Sara Gallardo, a rediscovered Argentinian contemporary of García Márquez never before published in English These stunning stories by Sara Gallardo astonish, overwhelm and illuminate. Deeply real, they are also shot through with the supernatural. Every muscular, musical story reveals the way that the habits of everyday life can become unknowable and unpredictable. Recently rediscovered, Sara Gallardo is a major Latin American writer whose stories recall the masters of magical realism - but maintain a domestic, whimsical atmosphere all of their own.

The Willpower Instinct Kelly McGonigal 2013-12-31 Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," The Willpower Instinct is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, The Willpower Instinct explains exactly what willpower is, how it works, and why it matters. For example, readers will learn: • Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. • Willpower is not an unlimited resource. Too much self-control can actually be bad for your health. • Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower • Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. • Giving up control is sometimes the only way to gain self-control. • Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models. In the groundbreaking tradition of Getting Things Done, The Willpower Instinct combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

All the Ugly and Wonderful Things Bryn Greenwood 2019-11-17 As the daughter of a drug dealer, Wavy knows not to trust people, not even her own parents. It's safer to keep her mouth shut and stay out of sight. Struggling to raise her little brother, Donal, eight-year-old Wavy is the only responsible adult around. Obsessed with the constellations, she finds peace in the starry night sky above the fields behind her house, until one night her star gazing causes an accident. After witnessing his motorcycle wreck, she forms an unusual friendship with one of her father's thugs, Kellen, a tattooed ex-con with a heart of gold. By the time Wavy is a teenager, her relationship with Kellen is the only tender thing in a brutal world of addicts and debauchery. When tragedy rips Wavy's family apart, a well-meaning aunt steps in, and what is beautiful to Wavy looks ugly under the scrutiny of the outside world. Kellen may not be innocent, but he is the fixed point in Wavy and Donal's chaotic universe. Instead of playing it safe, Wavy has to learn to fight for Kellen, for her brother, and for herself. About the Author Bryn Greenwood is a fourth-generation Kansan, one of seven sisters, and the daughter of a mostly reformed drug dealer. She earned a MA in Creative Writing from Kansas State University. She is the New York Times bestselling author of the novels The Reckless Oath We Made, All the Ugly and Wonderful Things, Last Will, and Lie Lay Lain. She lives in Lawrence, Kansas. Industry Reviews New York Times bestseller USA Today bestseller

Outliers Malcolm Gladwell 2008-11-18 From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

Thinking about Deterrence Air University Press 2014-09-01 With many scholars and analysts questioning the relevance of deterrence as a valid strategic concept, this volume moves beyond Cold War nuclear deterrence to show the many ways in which deterrence is applicable to contemporary security. It examines the possibility of applying deterrence theory and practice to space, to cyberspace, and against non-state actors. It also examines the role of nuclear deterrence in the twenty-first century

and reaches surprising conclusions.

Everyman Frank Sidgwick 1911

The Death of Expertise Thomas M. Nichols 2017 A cult of anti-expertise sentiment has coincided with anti-intellectualism, resulting in massively viral yet poorly informed debates ranging from the anti-vaccination movement to attacks on GMOs. As Tom Nichols shows in *The Death of Expertise*, there are a number of reasons why this has occurred—ranging from easy access to Internet search engines to a customer satisfaction model within higher education.

Youth's Companion 1902

Barely Missing Everything Matt Mendez 2020-03-03 “There are moments when a story shakes you... Barely Missing Everything is one of those stories, and Mendez, a gifted storyteller with a distinct voice, is sure to bring a quake to the literary landscape.” —Jason Reynolds, New York Times bestselling author of *Long Way Down* In the tradition of Jason Reynolds and Matt de la Peña, this heartbreaking, no-holds-barred debut novel told from three points of view explores how difficult it is to make it in life when you—your life, brown lives—don't matter. Juan has plans. He's going to get out of El Paso, Texas, on a basketball scholarship and make something of himself—or at least find something better than his mom Fabi's cruddy apartment, her string of loser boyfriends, and a dead dad. Basketball is going to be his ticket out, his ticket up. He just needs to make it happen. His best friend JD has plans, too. He's going to be a filmmaker one day, like Quentin Tarantino or Guillermo del Toro (NOT Steven Spielberg). He's got a camera and he's got passion—what else could he need? Fabi doesn't have a plan anymore. When you get pregnant at sixteen and have been stuck bartending to make ends meet for the past seventeen years, you realize plans don't always pan out, and that there are some things you just can't plan for... Like Juan's run-in with the police, like a sprained ankle, and a tanking math grade that will likely ruin his chance at a scholarship. Like JD causing the implosion of his family. Like letters from a man named Mando on death row. Like finding out this man could be the father your mother said was dead. Soon Juan and JD are embarking on a Thelma and Louise—like road trip to visit Mando. Juan will finally meet his dad, JD has a perfect subject for his documentary, and Fabi is desperate to stop them. But, as we already know, there are some things you just can't plan for...

Let's Pretend This Never Happened Jenny Lawson 2012-04-17 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

How Tobacco Smoke Causes Disease 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Girl in Pieces Kathleen Glasgow 2016-08-30 Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. “A haunting, beautiful, and necessary book that will stay with you long after you've read the last page.”—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. “*Girl, Interrupted* meets *Speak*.”—Refinery29 “A dark yet powerful read.”—Paste Magazine “One of the most affecting novels we have read.”—Goop “Breathtaking and beautifully written.”—Bustle “Intimate and gritty.”—The Irish Times And don't miss Kathleen Glasgow's newest novel *How to Make Friends with the Dark*, which Karen M. McManus, the New York Times bestselling author of *One of Us Is Lying*, calls “rare and powerful.”

Culture Media, Solutions, and Systems in Human ART Patrick Quinn 2014-03-27 This volume describes culture media and solutions used in human ART; how they have been developed for in vitro human pre-implantation embryo development, the function and importance of the various components in media and solutions and how they interact, and how the systems in which these are used can influence outcomes. Chapters discuss inorganic solutes, energy substrates, amino acids, macromolecules, cytokines, growth factors, buffers, pH, osmolality, and the interaction of these parameters. The role of incubators and other physical factors are reviewed, along with the relevance and prospects of emerging technologies: morphokinetic analysis using time-lapse imaging and dynamic fluid incubation systems. Results of prospective randomized trials are emphasized to ascertain the added value of these techniques for selecting viable embryos. This comprehensive guide will be invaluable for embryologists, physicians and all personnel involved in the fluid products used in human ART seeking to optimize their successful use of these components.

A Book of Golden Deeds Charlotte Mary Yonge 1866

Tyrant T.M. Frazier 2016-05-26 I. Remember. Everything. Only now I wish I didn't. When the fog is sucked away from my mind like smoke through a vacuum, the truth that has been beyond my reach for months finally reveals itself. But the relief I thought I would feel never comes, and I'm more afraid now than I was the morning I woke up handcuffed in King's bed. Because with the

truth comes dark secrets I was never meant to know. I will put the lives of those I love most at risk if I let on that my memory has returned, or if I seek help from the heavily tattooed felon who owns me body and soul. I don't know if I'm strong enough to resist the magnetic pull toward King that grows stronger every day. He's already saved me in more ways than one. Now it's my turn to do whatever it takes to save him. Even if that means marrying someone else...

The Signal and the Noise Nate Silver 2015-02-03 UPDATED FOR 2020 WITH A NEW PREFACE BY NATE SILVER "One of the more momentous books of the decade." —The New York Times Book Review Nate Silver built an innovative system for predicting baseball performance, predicted the 2008 election within a hair's breadth, and became a national sensation as a blogger—all by the time he was thirty. He solidified his standing as the nation's foremost political forecaster with his near perfect prediction of the 2012 election. Silver is the founder and editor in chief of the website FiveThirtyEight. Drawing on his own groundbreaking work, Silver examines the world of prediction, investigating how we can distinguish a true signal from a universe of noisy data. Most predictions fail, often at great cost to society, because most of us have a poor understanding of probability and uncertainty. Both experts and laypeople mistake more confident predictions for more accurate ones. But overconfidence is often the reason for failure. If our appreciation of uncertainty improves, our predictions can get better too. This is the "prediction paradox": The more humility we have about our ability to make predictions, the more successful we can be in planning for the future. In keeping with his own aim to seek truth from data, Silver visits the most successful forecasters in a range of areas, from hurricanes to baseball to global pandemics, from the poker table to the stock market, from Capitol Hill to the NBA. He explains and evaluates how these forecasters think and what bonds they share. What lies behind their success? Are they good—or just lucky? What patterns have they unraveled? And are their forecasts really right? He explores unanticipated commonalities and exposes unexpected juxtapositions. And sometimes, it is not so much how good a prediction is in an absolute sense that matters but how good it is relative to the competition. In other cases, prediction is still a very rudimentary—and dangerous—science. Silver observes that the most accurate forecasters tend to have a superior command of probability, and they tend to be both humble and hardworking. They distinguish the predictable from the unpredictable, and they notice a thousand little details that lead them closer to the truth. Because of their appreciation of probability, they can distinguish the signal from the noise. With everything from the health of the global economy to our ability to fight terrorism dependent on the quality of our predictions, Nate Silver's insights are an essential read.

Pride Ibi Zoboi 2018-09-18 In a timely update of Jane Austen's *Pride and Prejudice*, National Book Award finalist Ibi Zoboi skillfully balances cultural identity, class, and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic. A smart, funny, gorgeous retelling starring all characters of color. Zuri Benitez has pride. Brooklyn pride, family pride, and pride in her Afro-Latino roots. But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable. When the wealthy Darcy family moves in across the street, Zuri wants nothing to do with their two teenage sons, even as her older sister, Janae, starts to fall for the charming Ainsley. She especially can't stand the judgmental and arrogant Darius. Yet as Zuri and Darius are forced to find common ground, their initial dislike shifts into an unexpected understanding. But with four wild sisters pulling her in different directions, cute boy Warren vying for her attention, and college applications hovering on the horizon, Zuri fights to find her place in Bushwick's changing landscape, or lose it all. "Zoboi skillfully depicts the vicissitudes of teenage relationships, and Zuri's outsize pride and poetic sensibility make her a sympathetic teenager in a contemporary story about race, gentrification, and young love." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List")

Six Months in Mexico Nellie Bly 2020-07-26 Reproduction of the original: *Six Months in Mexico* by Nellie Bly

Voyeur Fiona Cole 2018-04-21 I didn't know she was my student the first time I paid to watch her at Voyeur. Once she walked into my classroom, another smiling college freshman, I knew I should stop going. Stop watching. But I couldn't do it. Everything about her makes me want more, and once I realize she wants me too, the temptation becomes irresistible. The worst part is that she has no idea her professor is the one watching behind the glass. I just have to hope that once she finds out the truth, she wants the same thing I do. Because now that I've seen all of her, I can't look away.

Hope Burns Jaci Burton 2014-09-30 A novel of small-town hearts and big dreams—from the author of *Hope Ignites* and the Play-by-Play novel *Straddling the Line*... "PREPARE TO FALL IN LOVE..."—Jill Shalvis Molly Burnett dreads returning to her hometown of Hope for her sister's wedding, especially knowing she'll have to endure a weekend with the one man she never wants to see again. It's only a couple of days, so Molly will try to forget her painful past with high school sweetheart Carter Richards. Because despite the bitter memories, she still can't forget what they once meant to each other. But when Molly is forced to extend her stay, Carter sees this as his second chance to do things right, to start over again with the only woman he's ever loved. This time, he isn't going to let Molly run. Together they're going to confront the past and put it behind them, and hope for a future as bright as the flame that still burns hot between them.

My Beloved World Sonia Sotomayor 2013-01-15 A "searching and emotionally intimate memoir" (The New York Times) told with a candor never before undertaken by a sitting Justice. This "powerful defense of empathy" (The Washington Post) is destined to become a classic of self-invention and self-discovery. The first Hispanic and third woman appointed to the United States Supreme Court, Sonia Sotomayor has become an instant American icon. In this story of human triumph that "hums with hope and exhilaration" (NPR), she recounts her life from a Bronx housing project to the federal bench, a journey that offers an inspiring testament to her own extraordinary determination and the power of believing in oneself. Here is the story of a precarious childhood, with an alcoholic father (who would die when she was nine) and a devoted but overburdened mother, and of the refuge a little girl took from the turmoil at home with her passionately spirited paternal grandmother. But it was when she was diagnosed with juvenile diabetes that the precocious Sonia recognized she must ultimately depend on herself. She would learn to give herself the insulin shots she needed to survive and soon imagined a path to a different life. With only television characters for her professional role models, and little understanding of what was involved, she determined to become a lawyer, a dream that would sustain her on an unlikely course, from valedictorian of her high school class to the highest honors at Princeton, Yale Law School, the New York County District Attorney's office, private practice, and appointment to the Federal District Court before the age of forty. Along the way we see how she was shaped by her invaluable mentors, a failed marriage, and the modern version of extended family she has created from cherished friends and their children. Through her still-astonished eyes, America's infinite

possibilities are envisioned anew in this warm and honest book.

The Last Crusaders: The Great Siege William Napier 2013-06-06 The siege of Malta: A brutal combat. A test of courage. A battle that will change history. Previously published as **CLASH OF EMPIRES: THE GREAT SIEGE**. 1565: a small island in the middle of the Mediterranean stands gatekeeper between East and West. It is about to become the scene for one of the most powerful stories of bravery, battle and bloodlust: the siege of Malta. Formed in the Holy Land in the 11th century, a small band of knights had long sought a home. Driven from their lands by Ottoman might, they came to rest in Malta from where they watched the Turks and corsairs raid the Spanish empire. As word came from Constantinople that Malta was in the sights of the Ottoman Empire, all of Europe watched a force of over 30,000 men besieged the island - peopled by 500 knights and a few thousand local soldiers. On that small rock an epic struggle will be played out - the story of individual men, warriors and slaves, but also the story of two worlds colliding.

Good and Cheap Leanne Brown 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for *Good and Cheap* is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, *Good and Cheap* is poised to become a cookbook that every food lover with a conscience will embrace.

The Quality of Silence Rosamund Lupton 2016-02-16 The gripping, moving story of a mother and daughter's quest to uncover a dark secret in the Alaskan wilderness, from the New York Times bestselling author of *Sister* and *Afterwards*. Thrillingly suspenseful and atmospheric, *The Quality of Silence* is the story of Yasmin, a beautiful astrophysicist, and her precocious deaf daughter, Ruby, who arrive in a remote part of Alaska to be told that Ruby's father, Matt, has been the victim of a catastrophic accident. Unable to accept his death as truth, Yasmin and Ruby set out into the hostile winter of the Alaskan tundra in search of answers. But as a storm closes in, Yasmin realizes that a very human danger may be keeping pace with them. And with no one else on the road to help, they must keep moving, alone and terrified, through an endless Alaskan night.

Philosophy of the Arts Gordon Graham 2006-09-07 A new edition of this bestselling introduction to aesthetics and the philosophy of art. Includes new sections on digital music and environmental aesthetics. All other chapters have been thoroughly revised and updated.

Darkest Before Dawn Maya Banks 2015-10-27 THE ALL-NEW KGI NOVEL from the “incredibly awesome” (Jaci Burton) #1 New York Times bestselling author of *When Day Breaks*. The Kelly Group International (KGI): A super-elite, top secret, family-run business. Qualifications: High intelligence, rock-hard body, military background. Mission: Hostage/kidnap victim recovery. Intelligence gathering. Handling jobs the U.S. government can't... The enigmatic Hancock has been both opponent and ally to the KGI teams for as long as they've known him. Always working a deep game, Hancock's true allegiance has never been apparent, but one thing is for certain—he never lets anything get in the way of duty. But now, his absolute belief in the primacy of his ultimate goal is challenged by a captive he's been ordered to guard, no matter how much she suffers in her prison. She's the only woman who's ever managed to penetrate the rigid walls surrounding his icy heart, but will he allow his perplexing feelings for the beautiful victim to destroy a mission he's spent years working to complete or will he be forced to sacrifice her for “the greater good.”

Death in the Afternoon Ernest Hemingway 2002-07-25 Still considered one of the best books ever written about bullfighting, *Death in the Afternoon* is an impassioned look at the sport by one of its true aficionados. It reflects Hemingway's conviction that bullfighting was more than mere sport and reveals a rich source of inspiration for his art. The unrivaled drama of bullfighting, with its rigorous combination of athleticism and artistry, and its requisite display of grace under pressure, ignited Hemingway's imagination. Here he describes and explains the technical aspects of this dangerous ritual and “the emotional and spiritual intensity and pure classic beauty that can be produced by a man, an animal, and a piece of scarlet serge draped on a stick.” Seen through his eyes, bullfighting becomes a richly choreographed ballet, with performers who range from awkward amateurs to masters of great elegance and cunning. A fascinating look at the history and grandeur of bullfighting, *Death in the Afternoon* is also a deeper contemplation of the nature of cowardice and bravery, sport and tragedy, and is enlivened throughout by Hemingway's sharp commentary on life and literature.

The Deming Management Method Mary Walton 1988-11-01 Whether you're the owner of our own small business, a middle manager in a mid-sized company, or the CEO of a multinational, this book can show you how to improve your profits and productivity. How? By following the principles of The Deming Management Method. Middle- and top-echelon managers in particular will find Dr. Deming's method provocative and controversial. He is for a total revamping of the way American managers manage. Some of his pet peeves are: managers who manage by slogans or by setting quotas, managers who don't know what their jobs are and who can't define the responsibilities of the workers under them, managers who tend to blame workers, not realizing that workers want to take pride in their work. Change, Dr. Deming believes, starts at the top with an informed, quality-conscious management. This book includes excellent advice on how to achieve that level of management expertise in the author's analysis of Dr. Deming's famous 14 Points for Managers and his Deadly diseases of management. Dr. Deming's management techniques are all carefully explained in this detailed, step-by-step treatment of their major points and of their practical applications to everyday business life. A large portion of *The Deming Management Method* is devoted to practical applications of the method by some of American's most innovative firms, including Honeywell, AT&T and Campbell's Soup.

The Damned Renée Ahdieh 2020-07-07 Instant New York Times bestselling sequel to *The Beautiful* Following the events of *The*

Beautiful, Sébastien Saint Germain is now cursed and forever changed. The treaty between the Fallen and the Brotherhood has been broken, and war between the immortals seems imminent. The price of loving Celine was costly. But Celine has also paid a high price for loving Bastien. Still recovering from injuries sustained during a night she can't quite remember, her dreams are troubled. And she doesn't know she has inadvertently set into motion a chain of events that could lead to her demise and unveil a truth about herself she's not ready to learn. Forces hiding in the shadows have been patiently waiting for this moment. And just as Bastien and Celine begin to uncover the danger around them, they learn their love could tear them apart. The Damned, Renée's latest installment in The Beautiful series is just as decadent, thrilling, and mysterious as her last, as she continues her most potent fantasy series yet.

Born to Run Christopher McDougall 2011-03-29 NATIONAL BESTSELLER • The astonishing and hugely entertaining story that completely changed the way we run. An epic adventure that began with one simple question: Why does my foot hurt? “Equal parts quest, physiology treatise, and running history.... The climactic race reads like a sprint.... It simply makes you want to run.” —Outside Magazine Isolated by Mexico's deadly Copper Canyons, the blissful Tarahumara Indians have honed the ability to run hundreds of miles without rest or injury. In a riveting narrative, award-winning journalist and often-injured runner Christopher McDougall sets out to discover their secrets. In the process, he takes his readers from science labs at Harvard to the sun-baked valleys and freezing peaks across North America, where ever-growing numbers of ultra-runners are pushing their bodies to the limit, and, finally, to a climactic race in the Copper Canyons that pits America's best ultra-runners against the tribe. McDougall's incredible story will not only engage your mind but inspire your body when you realize that you, indeed all of us, were born to run. Texas Monthly 1982-02 Since 1973, TEXAS MONTHLY has chronicled life in contemporary Texas, reporting on vital issues such as politics, the environment, industry, and education. As a leisure guide, TEXAS MONTHLY continues to be the indispensable authority on the Texas scene, covering music, the arts, travel, restaurants, museums, and cultural events with its insightful recommendations.

American Indian Myths and Legends Richard Erdoes 2013-12-04 More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library
