One-Bowl Meals Maria Zizka 2021-04-27 A well-constructed bowl can be a perfectly complete meal, which is why today so many people are turning to this ingenious way of eating. From smoothie bowls to rice bowls, One-Bowl Meals offers 30 perfectly constructed creations with endless possibilities for mixing and matching the components. Maria Zizka, author of *The Newlywed Cookbook*, expertly guides readers through lessons on creating balanced bowl meals for breakfast, lunch, and dinner. Each bowl starts with a simple formula of Base + Component + Component, so that the recipe is easy to navigate and even easier to customise. The recipes are organised by the base - be it rice, grains, greens, or noodles. A yogurt bowl gets customised with broiled pineapple and honey-lime syrup; rice bowls get topped with gingery bok choy and panko-crusted tofu or gochujang squash rings and rice cracker crunch; grain bowls go well with rye berries and smoked salmon or fried shallots and jammy eggs. There are versatile noodle creations and greens-based bowls that will make anyone crave a giant salad. Each bowl utilises a mix of components made from scratch, plus store-bought additions and garnishes to take each dish to the next level. One-Bowl Meals is the gateway to easy, complete meals and the perfect cookbook for the modern eater.

Engaged Buddhism in the West Christopher S. Queen 2012-11-12 Engaged Buddhism is founded on the belief that genuine spiritual practice requires an active involvement in society. *Engaged Buddhism in the West* illuminates the evolution of this new chapter in the Buddhist tradition - including its history, leadership, and teachings - and addresses issues such as violence and peace, race and gender, homelessness, prisons, and the environment. Eighteen new studies explore the activism of renowned leaders and organizations, such as Thich Nhat Hanh, Bernard

Glassman, Joanna Macy, the Buddhist Peace Fellowship, and the Free Tibet Movement, and the emergence of a new Buddhism in North America, Europe, South Africa, and Australia.

A Guide to the Bodhisattava's Way of Life Shantideva 2017-01-01 Shantideva's

Bodhisattvacharyavatara (A Guide to the Bodhisattva's Way of Life) holds a unique place in Mahayana Buddhism akin to that of the Dhammapada in Hinayana Buddhism and the Bhagavadgita in Hinduism. In combining those rare qualities of scholastic precision, spiritual depth and poetical beauty, its appeal extends to a wide audience of Buddhists and non-Buddhists alike. Composed in India during the 8th century of the Christian era, it has since been an inspiration to millions of people throughout the world. This present translation by Stephen Batchelor is based upon a 12th century Tibetan commentary as orally explained by Ven. Geshe Ngawang Dhargyey. The ninth chapter on wisdom has been expanded for this edition with relevant commentarial passages.

Unchained Mind Ricardo G. Williams 2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinkingchains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break

chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

Dear Black Girls Shanice Nicole 2021-02-08 Dear Black Girls is a letter to all Black girls. Every day poet and educator Shanice Nicole is reminded of how special Black girls are and of how lucky she is to be one. Illustrations by Kezna Dalz support the book's message that no two Black girls are the same but they are all special--that to be a Black girl is a true gift. In this celebratory poem, Kezna and Shanice remind young readers that despite differences, they all deserve to be loved just the way they are.

Mahikari Andris K?rlis Teb?cis 1983-08-01

The Social History of the American Family Marilyn J. Coleman 2014-09-02 The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the "ideal" family have changed over time to reflect changing mores, changing living standards and lifestyles, and increased levels of social heterogeneity. Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of American families from the colonial period to the present. Key themes include families

and culture (including mass media), families and religion, families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions.

My Journey in This Life Elizabeth Kaye 2021-06-15 Tsem Rinpoche lived a fascinating and extraordinary life that took him, bizarrely, from Taiwan to New Jersey, then on to Los Angeles, India, and Malaysia. At times he seemed blessed and, at other times, he seemed cursed, yet he never wavered from his spiritual calling to bring Buddhist truth to the world. If you think you know what an incarnate lama is like, you'll be amazed by Tsem Rinpoche. In this revealing book, we tell his unique and intriguing story

Soka Gakkai's Human Revolution Levi McLaughlin 2018-12-31 Soka Gakkai is Japan's largest and most influential new religious organization: It claims more than 8 million Japanese households and close to 2 million members in 192 countries and territories. The religion is best known for its affiliated political party, Komeito (the Clean Government Party), which comprises part of the ruling coalition in Japan's National Diet, and it exerts considerable influence in education, media, finance, and other key areas. Levi McLaughlin's comprehensive account of Soka Gakkai draws on nearly two decades of archival research and non-member fieldwork to account for its institutional

development beyond Buddhism and suggest how we should understand the activities and dispositions of its adherents. McLaughlin explores the group's Nichiren Buddhist origins and turns to insights from religion, political science, anthropology, and cultural studies to characterize Soka Gakkai as mimetic of the nation-state. Ethnographic vignettes combine with historical evidence to demonstrate ways Soka Gakkai's twin Buddhist and modern humanist legacies inform the organization's mimesis of the modern Japan in which the group took shape. To make this argument, McLaughlin analyzes Gakkai sources heretofore untreated in English-language scholarship; provides a close reading of the serial novel *The Human Revolution*, which serves the Gakkai as both history and de facto scripture; identifies ways episodes from members' lives form new chapters in its growing canon; and contributes to discussions of religion and gender as he chronicles the lives of members who simultaneously reaffirm generational transmission of Gakkai devotion as they pose challenges for the organization's future. Readers looking for analyses of the nation-state and strategies for understanding New Religions and modern Buddhism will find Soka Gakkai's *Human Revolution* to be an especially thought-provoking study that offers widely applicable theoretical models.

The Angel and the Beehive Armand L. Mauss 1994 "The past few decades have witnessed an increasing reaction of the Mormons against their own successful assimilation," Armand Mauss writes in *The Angel and the Beehive*, "as though trying to recover some of the cultural tension and special identity associated with their earlier 'sect-like' history." This retrenchment among Mormons is the main theme of Mauss's book, which analyzes the last forty years of Mormon history from a sociological perspective. At the official ecclesiastical level, Mauss finds, the retrenchment can be seen in the greatly increased centralization of bureaucratic control and in renewed emphases on obedience to modern prophets, on genealogy and vicarious temple work, and on traditional family

life; retrenchment is also apparent in extensive formal religious indoctrination by full-time professionals and in an increased sophistication and intensity of proselytizing. At what he refers to as "the folk or grassroots level," Mauss finds that Mormons have generally been compliant with the retrenchment effort and are today at least as "religious" on most measures as they were in the 1960s. A sizable segment of the Mormon membership, Mauss asserts, has gone beyond "Mormon" retrenchment to express itself in a growing resort to Protestant fundamentalism, both in scriptural understanding and in intellectual style. The author calls on a wide array of sources in sociology and history to show that Mormons, who by mid-century had come a long way from their position as disreputable "outsiders" in a society dominated by the mainline religions, seem now to be adopting more conservative ways and seeking a return to a more sectarian posture.

Amnesty International Report 2008 Amnesty International 2008 This annual report documents human rights abuses by governments and armed opposition groups in 150 countries across the world. It provides an invaluable reference guide to international human rights developments.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

The Wisdom of Tolerance Daisaku Ikeda 2015-04-15 What do Buddhism and Islam have in common? And what positive characteristics might Buddhist Japan and Muslim Indonesia be able to offer one another? In this thoughtful and wide-ranging discussion which draws on creative artists and thinkers as diverse as Beethoven, Goethe, Tolstoy, Thomas Jefferson and Akira Kurosawa distinguished representatives from each country demonstrate that meaningful dialogue between religions and cultures begins with a one-to-one conversation between individuals. Addressing the similarities of their nations as island peoples, with a shared history of trade and

cultural exchange, Abdurrahman Wahid and Daisaku Ikeda agree that the aim of dialogue, like that of Buddhism and Islam alike, is fundamentally the goal of peace. A pivotal moment in the conversation comes when reference is made to the Indonesian story of the Bamboo Princess, from the Chronicle of the Kings of Pasai; this is seen to bear close resemblance to the Japanese Taketori Monogatari, or 'Tale of the Bamboo Cutter'. Such narrative interrelationship which can be discerned even in the midst of religious and cultural distinctiveness emerges as a powerful symbol of the common humanity not just of Indonesia and Japan but of all cultures. Both thinkers continue to draw on their respective traditions, on their personal experiences of war and adversity, and especially on the lives of the Buddha and the Prophet Mohammed, to show that harmony springs from an attitude of tolerance and nonviolence which is where true courage resides. Whether masterfully expounding the teachings of Nichiren, or indicating that a proper understanding of jihad is not about religious conflict but about communicating the truth of Allah, the discussants mutually transform our understandings of value, pluralism, and amity.

Hiroshima in History Robert James Maddox 2007 When President Harry Truman authorized the use of atomic weapons against Japan, he did so to end a bloody war that would have been bloodier still had the planned invasion of Japan proved necessary. Revisionists claim that Truman's real interest was a power play with the Soviet Union and that the Japanese would have surrendered even earlier had the retention of their imperial system been assured. Truman wanted the war to continue, they insist, in order to show off America's powerful new weapon. This anthology exposes revisionist fallacies about Truman's motives, the cost of an invasion, and the question of Japan's surrender. Essays by prominent military and diplomatic historians reveal the hollowness of revisionist claims, exposing the degree to which these agenda-driven scholars have manipulated the historical record to support their contentions. They show that, although some

Japanese businessmen and minor officials indicated a willingness to negotiate peace, no one in a governmental decision-making capacity even suggested surrender. And although casualty estimates for an invasion vary considerably, the more authoritative approximations point to the very bloodbath that Truman sought to avoid. Volume editor Robert Maddox first examines the writings of revisionist Gar Alperovitz to expose the unscholarly methods Alperovitz employed to support his claims, then distinguished Japanese historian Sadao Asada reveals how difficult it was for his country's peace faction to prevail even after the bombs had been dropped. Other contributors point to continuing Japanese military buildups, analyze the revisionists' low casualty estimates for an invasion, reveal manipulations of the Strategic Bombing Survey of 1946, and show how even the exhibit commemorating the fiftieth anniversary of the bombing at the Smithsonian National Air and Space Museum hewed to the revisionist line. And a close reading of Tsuyoshi Hasegawa's acclaimed *Racing the Enemy* exposes many grave discrepancies between that recent revisionist text and its sources. The use of atomic bombs against Japan remains one of the most controversial issues in American history. Gathered in a single volume for the first time, these insightful readings take a major step toward settling that controversy by showing how insubstantial Hiroshima revisionism really is--and that sometimes history cannot proceed without decisive action, however regrettable.

Yvain Chretien de Troyes 1987-09-10 The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem,

Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

A Series of Plays Joanna Baillie 1799

Hiroshima Andrew J. Rotter 2008-02-28 The US decision to drop an atomic bomb on the Japanese city of Hiroshima on 6 August 1945 remains one of the most controversial events of the twentieth century. However, the controversy over the rights and wrongs of dropping the bomb has tended to obscure a number of fundamental and sobering truths about the development of this fearsome weapon. The principle of killing thousands of enemy civilians from the air was already well established by 1945 and had been practised on numerous occasions by both sides during the Second World War. Moreover, the bomb dropped on Hiroshima was conceived and built by an international community of scientists, not just by the Americans. Other nations (including Japan and Germany) were also developing atomic bombs in the first half of the 1940s, albeit haphazardly. Indeed, it is difficult to imagine any combatant nation foregoing the use of the bomb during the war had it been able to obtain one. The international team of scientists organized by the Americans just got there first. As this fascinating new history shows, the bomb dropped by a US pilot that hot August morning in 1945 was in many ways the world's offspring, in both a technological and a moral sense. And it was the world that would have to face its consequences, strategically, diplomatically, and culturally, in the years ahead.

Dakini Power Michaela Haas 2013-04-09 What drives a young London librarian to board a ship to India, meditate in a remote cave by herself for twelve years, and then build a flourishing nunnery in

the Himalayas? How does a surfer girl from Malibu become the head of the main international organization for Buddhist women? Why does the daughter of a music executive in Santa Monica dream so vividly of peacocks one night that she chases these images to Nepal, where she finds the love of her life in an unconventional young Tibetan master? The women featured in *Dakini Power*—contemporary teachers of Tibetan Buddhism, both Asians and Westerners, who teach in the West—have been universally recognized as accomplished practitioners and brilliant teachers whose life stories demonstrate their immense determination and bravery. Meeting them in this book, readers will be inspired to let go of old fears, explore new paths, and lead the lives they envision. Featured here are:

- Jetsun Khandro Rinpoche (*This Precious Life*)
- Dagmola Sakya (*Princess in the Land of Snows*)
- Jetsun Tenzin Palmo (Diane Perry) (*Into the Heart of Life*)
- Pema Chödrön (Deirdre Blomfield-Brown) (*When Things Fall Apart; Start Where You Are*)
- Khandro Tsering Chödrön (most familiar to readers as the late aunt of Sogyal Rinpoche, author of *The Tibetan Book of Living and Dying*)
- Thubten Chodron (Cherry Greene) (*Buddhism for Beginners; Taming the Mind*)
- Karma Lekshe Tsomo (Patricia Zenn) (*Buddhism Through American Women's Eyes*)
- Chagdud Khadro (Jane Dedman) (*P'howa Commentary; Life in Relation to Death*)
- Sangye Khandro (Nanci Gay Gustafson) (*Meditation, Transformation, and Dream Yoga*)
- Roshi Joan Halifax (*Being with Dying*)
- Lama Tsultrim Allione (Joan Rousmanière Ewing) (*Women of Wisdom; Feeding Your Demons*)
- Elizabeth Mattis-Namgyel (*The Power of an Open Question*)

Suzuki Violin School - Volume 6 (Revised) Dr. Shinichi Suzuki 2013-01-30 Now available individually, this piano accompaniment for Suzuki Violin School Volume 6 (Revised) was previously included in Suzuki Violin School Piano Accompaniments Volume B, which included Volumes 6-10 (Unrevised). Titles: * La Folia, Follia Sonata 12, for Violin, Op. V (Adagio, Allegretto, Allegro moderato, Andante, Allegro, Adagio, Allegro) (A. Corelli/arr. S. Suzuki) * Sonata No. 3, Sonata in F Major, ChA 27, Op. 1, No. 12, HHA IV/4 No. 3-EZ (G.F. Handel) * Allegro (J.H. Fiocco) * Gavotte (J.Ph. Rameau) * Sonata No. 4, Sonata in D Major, ChA 27, Op. 1, No. 13, HHA IV/4, No. 4-EZ (G.F. Handel)

The Wheel of Sharp Weapons Dharmarakshita 2019-01-01 The Wheel of Sharp Weapons, one of the most important and influential texts in the Mahayana training of the mind. It was composed by the great Indian Yogi Dharmarakshita and he transmitted these teachings to Atisha (982-1054), who later transmitted the same to his greatest disciple Upasaka Dromtonpa and together translated it into Tibetan from Sanskrit. The present English translation is based on its Tibetan text,

done by the Translation Bureau of the Library of Tibetan Works and Archives. Commentary to The Wheel of Sharp Weapons was given by Geshe Ngawang Dhargyey.

Duty and Desire Book Club Edition Anju Gattani 2021-01-27 To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.

A Time to Chant Bryan R. Wilson 1997-07-01 Fifty years ago Soka Gakkai was an organization of a few hundred people, all of them in Japan. Today it is one of the world's most rapidly expanding religious movements with members in virtually every country in Europe, the Americas, and Australasia, in most of Asia, and in several parts of Africa. It is also increasingly well publicized, sponsoring and promoting a variety of cultural and educational causes and establishing a high profile for itself in world affairs. All of this has created a movement which is a significant social phenomenon; yet to date Soka Gakkai has received little attention from Western academics. Bryan Wilson and Karel Dobbelaere draw on their thorough survey of the UK membership to trace the source of the movement's attraction and analyse its potential. They also carried out some thirty interviews with members, whom they encouraged to tell their story in their own way. As the decline in belief in an anthropomorphic deity, the sense that traditional religious institutions have become hollow, and the emphasis on the private nature of belief and on personal autonomy become

characteristic features of contemporary western values, Wilson and Dobbelaere suggest that Soka Gakkai has found a ready resonance with these changing currents of thought in contemporary society. They conclude that Soka Gakkai's appeal to young people in particular makes it a faith whose time may have come. Reviews of the Hardback: `Although the authors have clearly aimed this work primarily at an academic readership, there is a great deal more material in it that Buddhists of any persuasion are likely to find stimulating as well as providing food for thought ... The book is well-researched, gives a clear and unbiased view of the movement under scrutiny, and, not least, is very readable.' Golden Drum `Valuable and lively for what it is: a useful look at Western Buddhists ... and a convincing take on alternative religion from a perspective pessimistic about mainline religion in contemporary society.' The Journal of Religion

Encountering the Dharma Richard Hughes Seager 2006-03-16 This engaging, deeply personal book, illuminating the search for meaning in today's world, offers a rare insider's look at Soka Gakkai Buddhism, one of Japan's most influential and controversial religious movements, and one that is experiencing explosive growth around the world. Unique for its multiethnic make-up, Gakkai Buddhists can be found in more than 100 countries from Japan to Brazil to the United States and Germany. In Encountering the Dharma, Richard Seager, an American professor of religion trying to come to terms with the death of his wife, travels to Japan in search of the spirit of the Soka Gakkai. This book tells of his journey toward understanding in a compelling narrative woven out of his observations, reflections, and interviews, including several rare one-on-one meetings with Soka Gakkai president Daisaku Ikeda. Along the way, Seager also explores broad-ranging controversies arising from the Soka Gakkai's efforts to rebuild post-war Japan, its struggles with an ancient priesthood, and its motives for propagating Buddhism around the world. One turning point in his understanding comes as Ikeda and the Soka Gakkai strike an authentically Buddhist

response to the events of September 11, 2001.

21 Layers of the Soul Annemiek Douw 2013-10-01 Prepare to Enter 21 New Doorways of Healing
You're already on a spiritual journey. Or perhaps, you're starting one right now. You've embarked on this path because you were curious to find out the Truth about life. Perhaps you felt lost, alone or without direction. Or, perhaps you or someone in your life became ill -- spiritually, physically, mentally or emotionally -- and you were desperate to find a way to heal the pain. You know the answer lies somewhere within the depths of your soul, but you don't know how to reach it, connect with it or hear its wisdom. If only you had some sort of inner guidance system -- a 'GPS' -- to help you navigate back to the right path. This is the book that can help you tap into and master that inner GPS... "21 Layers of the Soul: healing the karmic ties with friends, lovers, family and enemies" In this book, author Annemiek Douw MSc shares over 100 case histories from more than 15 years of healing work, during which time she discovered the 21 layers of the aura -- something never before revealed in any other healing book. Meticulously analysed and defined, Annemiek shows us how exploring these 21 layers can provide us with a clear blueprint of the intricate system that leads us to incarnate on the Earth. You'll learn the meaning of each of the 21 layers, and how to recognise their influence in your life, so you can start to unravel so many of the mysteries that have perplexed you for decades -- or perhaps even lifetimes. If you've ever wondered... Whether there is such a thing as 'family karma' Whether there is an ultimate plan for your life Whether we make 'soul agreements' with others before we are born Whether we can become influenced by the whole of humanity ...then, this book will give you both practical and intuitive answers to the questions you've been asking. You'll discover how these 21 layers can help explain: Why some people can't stop cheating on their spouse Why some children die in infancy Why sexual abuse is impacting your life Why the death of a loved one can sometimes

make you ill Why you're just not meeting the love of your life How and why angels, guides, light beings and deceased loved ones communicate with you Why you suffer from thyroid problems, chronic fatigue syndrome, or other health issues Why some Autistic children have extraordinary (and even paranormal) perceptual abilities Why you're not recovering from cancer after your treatment is over How you suffer when you block your natural paranormal abilities And much more Simply by reading how Annemiek worked with these real-life patients to unblock each specific layer, you'll begin to heal at an energetic level and grow as a soul. And then, as you learn how to recognise the influences of these 21 layers in your own life, you can deepen your healing through five of Annemiek's unique clearing exercises, which you'll find in the back of the book. So after all your spiritual searching, if you're finally ready to find ONE book that can help you get reconnected and regain the peace and ease you so dearly desire, pick up "21 Layers of the Soul" and start to navigate the wonderful journey back to your Self.

Daisaku Ikeda's Philosophy of Peace Olivier Urbain 2010-03-30 Who is Daisaku Ikeda? At one level, he is the leader of a religious movement - Soka Gakkai - which began in Japan, where it still has its headquarters, but which now claims 12 million adherents around the world. At another level, he is a globetrotting figure whose formal conversations with diverse writers, thinkers and diplomats - including Arnold Toynbee, Joseph Rotblat and Mikhail Gorbachev - have garnered him an international profile, as well as academic recognition. Perhaps above all else, Daisaku Ikeda is viewed as a campaigner for peace. And it is Ikeda's specific contribution to peacebuilding, notably through the central emphasis he has placed on the significance of dialogue, that this book

explores: the first to do so in a concerted way. Olivier Urbain shows that while Soka Gakkai (the 'value society') may stem from the medieval principles of Nichiren Buddhism, under Ikeda's leadership it has taken these classic wisdoms and transformed them. Now essentially classless and secularised, as well as adaptable and sensitive to modern challenges like resource shortages and climate change, this - argues the author - is a pragmatic approach to peace which has proved both popular and eminently transportable.

Global Civilization Majid Tehranian 2003-05-23 "Global Civilization" emerged from a series of conversations between two peace advocates of Japanese and Iranian origin. It covers the encounters between Buddhist and Islamic civilizations from the 7th century to the present. For all their cultural differences, Buddhism and Islam share a surprising number of intrinsic similarities. The topics discussed include such diverse subjects as the nature of religious faith today, global ideological terrorism, religious fanaticism and universal human rights. Ikeda and Tehranian, two important representatives of their respective faiths, propose dialogue as the most effective method of conflict resolution at interpersonal, intra-national and international levels. It is a call for tolerance, for dialogue and for peace.

The Tantric Way Ajit Mookerjee 1977 Basing their approach on a historical and explanatory survey, the authors deal in detail with astronomy, astrology, alchemy and cosmology in tantrism. They also discuss the viewpoints of left-hand and right-hand tantrikas and respective attitudes towards human sexuality and its place in ritual.
