Singing in Czech Timothy Cheek 2014-12-11 Timothy Cheek's revised edition of Singing in Czech: A Guide to Czech Lyric Diction and Vocal Repertoire, with its

accompanying audio accessible online, builds on the original pioneering work of 2001 that set “a new and very welcome high standard for teaching lyric diction,” according to *Notes: The Journal of the Music Library Association*. It offers users updated information, important clarifications, and expanded repertoire in a more accessible, easier to use format. *Singing in Czech* is divided into two parts. Using IPA, the first part takes the reader systematically through each sound of the Czech language, enhanced by recordings of native Czech opera singers. Chapters cover the Czech vowels, consonants, rules of assimilation, approaches to singing double consonants, stress and length, Moravian dialect, and an introduction to singing in Slovak. Fine points of formal pronunciation have been clarified in this revised edition. In the second part, Cheek offers a thorough overview of Czech art song, expanded from the first edition. Texts to major song literature and opera excerpts by Smetana, Dvořák, Janáček, Martinů, and Haas, with timings, editions, word-for-word translations, idiomatic translations, and IPA transcriptions follow. In this revision, Cheek has included additional cycles by Dvořák and Martinů, and two new chapters on Czech female composers Vítězslava Kaprálová and Sylvie Bodorová. This revised edition of *Singing in Czech* is useful for all those who are interested and engaged in the performance of the rich Czech vocal repertoire.

Affective Health and Masculinities in South Africa Hans Reihling 2020-04-24 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows

how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Antoine of Oregon : A Story of the Oregon Trail James Otis 1912 Antoine of Oregon : A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to "the call of the wild," and who, in so doing, wrote their names

with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast 4 portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.

Hollywood Highbrow Shyon Baumann 2018-06-05

Today's moviegoers and critics generally consider some Hollywood products--even some blockbusters--to be legitimate works of art. But during the first half century of motion pictures very few Americans would have thought to call an American movie "art." Up through the 1950s, American movies were regarded as a form of popular, even lower-class, entertainment. By the 1960s and 1970s, however, viewers were regularly judging Hollywood films by artistic criteria previously applied only to high art forms. In Hollywood Highbrow, Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves. The development in the United States of an appreciation of film as an art was, Baumann shows, the product of

large changes in Hollywood and American society as a whole. With the postwar rise of television, American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers. Around the same time, European ideas about the director as artist, an easing of censorship, and the development of art-house cinemas, film festivals, and the academic field of film studies encouraged the idea that some American movies--and not just European ones--deserved to be considered art.

The Handbook for Embedded Formative Assessment

Solution Tree 2017-11-09 Educational achievement carries more importance than ever in the 21st century. According to academic research, teacher quality plays the most vital role in raising achievement among all K₂12 students, so improving teacher quality will lead to both greater student outcomes and greater prosperity for individuals and the whole of society. The Handbook for Embedded Formative Assessment makes the case that incorporating formative assessment into daily classroom practice raises teacher quality and enhances student learning to help all parties meet the evolving demands of society. As a companion to Embedded Formative Assessment, Second Edition (William, 2018), this book has one main purpose: to help teachers develop the practice of formative assessment in classrooms by providing tried-and-tested classroom formative assessment techniques and giving evidence that shows how these techniques positively impact student achievement. Grades K₂12 teachers can choose from these techniques, try them out in the classroom, and

modify them to meet their specific needs. However, The Handbook for Embedded Formative Assessment can also act as a stand-alone book, sharing highlights from Embedded Formative Assessment as necessary before leading straight to the how-tos of classroom formative assessment.

An Untamed Land (Red River of the North Book #1)

Lauraine Snelling 2006-05-01 Proud of Their Heritage and Sustained by Their Faith, They Came to Tame a New

Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it.

Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to

yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?

Trial of George Joseph Smith (Classic Reprint) Eric R.

Watson 2015-07-06 Excerpt from Trial of George Joseph Smith The trial of George Joseph Smith is without a parallel in the history of crime in any age or country. The singularly revolting means by which the murderer accomplished the destruction of his victims, the spectacle of Justice, in all its pomp and circumstance, solemnly

deciding whether one transparently worthless man should live or die at a time when the war claimed a daily holocaust from among the youngest and bravest of the manhood of Britain, the novelty of the questions of forensic medicine, the complexity of the evidence given by some 120 witnesses, twice as many as were needed to establish the guilt of Palmer - all combine to make this a notable trial indeed. A shrewd American lawyer, after a few weeks spent in observing our Courts, said, "British justice! Its dear, but its prime!" And certainly we may, I think, regard with complacency this patient and costly investigation, pursued day after day at such a period. I have to thank numerous people for their assistance in preparing this volume; firstly, the Right Honourable Lord Justice Scrutton, for the loan of his photograph and for the favour of his views on the medico-legal issues; Sir Archibald Bodkin, for the loan of his photograph; Sir Edward Marshall Hall, for the loan of his copy of the shorthand notes and for some autograph memoranda by the murderer; Mr. Montague Shearman, for like benefits, and the loan of much correspondence not actually put in as exhibits. Dr. Bernard Spilsbury has most kindly revised all the medical evidence, and has assisted me as to certain gynecological and pathological matters, respecting the illnesses and deaths of the "brides." Mr. Neil has placed all the Scotland Yard material at my disposal, and Detective Inspector Page has very kindly lent me his photographs bearing on the case. Detective Inspector Grose has also rendered me assistance in presenting the manner in which the police worked up the case. The clerk attached to room 93, C. I. D., has also laid me under

obligations by visiting me with docketts and documents from the "Yard." If one has any regrets at publishing so infamous a story of crime, the main one is that the ease with which murder may be thus accomplished may lead others to emulate Smith's examples. Severely complicating matters are rumors of a serial killer on the streets of Memphis. Yvain Chretien de Troyes 1987-09-10 The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the

difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.
