Tragic Lies L A Cotton 2021-06-08 From bestselling author L A Cotton, comes a forbidden age-gap romance. Angst... drama... friendship... and football. Will you survive senior year? Peyton Myers has

always been the life of the party. But behind her smile and sass is a girl lost and alone, searching for her place in the world. Xander Chase has always been on the outside looking in. But behind his cool indifference and hard exterior is a guy afraid to open his heart to anyone. When he saves Peyton from a tragic accident, their lives are entwined forever. But Xander's not the hero of her story... no matter how much she wants him to be. She's a girl with her whole life ahead of her. He's a guy who is drifting through life. And although these two lost souls might be able to heal each other, there's one glaring problem. She's still in high school... And completely forbidden.

Kill Alex Cross James Patterson 2011-11-14 The President's son and daughter are abducted, and Detective Alex Cross is one of the first on the scene. But someone very high-up is using the FBI, Secret Service, and CIA to keep him off the case and in the dark. A deadly contagion in the water supply cripples half of the capital, and Alex discovers that someone may be about to unleash the most devastating attack the United States has ever experienced. As his window for solving both crimes narrows, Alex makes a desperate decision that goes against everything he believes--one that may alter the fate of the entire country. KILL ALEX

CROSS is faster, more exciting, and more tightly wound than any Alex Cross thriller James Patterson has ever written!

When You're Mine Layla Hagen 2021-06-06 Take
New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that--not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much

am I willing to risk for a chance to make her mine?

Miss Delectable Grace Burrowes 2021-01-22 Miss Ann Pearson has spent years learning the difficult art of the professional cook, and jealously guarding her position in the kitchen of the fancy Coventry Club. When Colonel Sir Orion Goddard asks her to take on a young apprentice, Ann would rather refuse. But Orion is respectful, gruffly charming, and looking out for a girl whom others have neglected, and that is a combination Ann cannot resist.

Lingering scandal has taught Orion to make his way along the fringes of polite society without allies or entanglements. Then he meets Ann, who is fierce, passionate, and warm-hearted, and also worth fighting for. If Orion and Ann are to forge a new love, they must first learn to trust each other, and find the courage to overcome old enemies who will do anything to keep the cook and colonel apart.

Adventures in Financial Data Science Graham L Giller 2020-11-17 Graham Giller is one of Wall Street's original data scientists. Starting his career at Morgan Stanley in the UK, he was an early member of Peter Muller's famous PDT group and went on to run his own investment firm. He was Bloomberg LP's original data science hire and set up the data science team in the Global Data division there. He then moved to J.P. Morgan to take the role of Chief Data Scientist, New Product Development, and was subsequently Head of Data Science Research at J.P. Morgan and Head of Primary Research at Deutsche Bank. This book is briefly a biography but mostly a narrative of Graham's research in the fields of financial, economic, and alternative data. It contains extensive analysis of the true empirical properties of financial data and a detailed exploration of topics including Stock Market Prices, Treasury Bill Rates, LIBOR and Eurodollar Futures, Volatility and Options Prices, Sentiment Analysis on Social Media, Demographics and Survey Research, Time-Series Analysis of the Climate, and work on Language, Politics and Health Care data. The goal

is to stimulate interest in predictive methods, to give accurate characterizations of the true properties of financial, economic and alternative data, and to share what Richard Feynman described as "The Pleasure of Finding Things Out." It has entertaining tales of a life in quantitative finance and data science including trading UK Government Bonds from Oxford Post Office, accidentally creating a global instant messaging system that went "viral" before anybody knew what that meant, on being the person who forgot to hit "enter" to run a hundred-million dollar statistical arbitrage system, what he decoded from brief time spent with Jim Simons, and giving Michael Bloomberg a tutorial on Granger Causality. When an ex-Morgan Stanley colleague was shown this book his response was: "I might pay you quite a lot to not publish – that's a lot of insight into what works and what doesn't."

Beneath the Wreckage Catherine Cowles 2021-09-20 It was supposed to be a summer we'd never forget. Instead, everything was stolen from me. The best friend who was more like a sister. The innocent way I looked at life. Leaving me with only unanswered questions. Returning to the island is the second chance I didn't know I needed. And Hunter is the surprise that knocks me sideways. There's a hurt in him that calls to my own. A

strength I find in sharing our scars. Igniting a spark that turns to flame. But someone isn't happy about the world I'm building for myself. And nothing will stop them from tearing it all apart...

The Cowboy Finds a Family Anne McAllister 2021-

02-11 Mr. Stubborn. Mace Nichols is an 'I'll die with my boots on' cowboy. Old-school. Tough, silent and honorable. Which is why he's leaving his wife, Jenny. She has helped him build his dream—the Montana ranch they loved. Now he can't give her the family she's always dreamed of, so he has no choice: he needs to set her free. It makes perfect sense to him. It doesn't make a bit of sense to

Jenny! She loves her stubborn, bull-headed husband. She admires his courage, his tenacity and his determination to always Do The Right Thing—even if, in this case, it is the stupidest thing he's ever done. Mace is right—Jenny has always wanted a family. But she wants a family with Mace! How can she convince the most honorable, stubborn man in the world what really matters in life?

Swimming Faster Ernest W. Maglischo 1982 Let one of the world's greatest swimming coaches teach you how to perfect your competitive strokes In "Swimming Fastest"--a revised and updated version of one of the best books ever written on competitive swimming--author Ernest Maglischo reveals the science behind the training principles that led his teams to 13 NCAA national championships at the Division II level and 19 conference championships. This book is the definitive reference on stroke technique and training methods for swimming. It shows you how to apply scientific information to the training process so that you can swim stronger and faster. "Swimming Fastest" addresses not only the how but also the why of training. It's the one source that you can turn to for reliable information about hydrodynamics and exercise physiology, giving you all the information you need to evaluate present and

future concepts of training and stroke mechanics. "Swimming Fastest" covers every aspect of competitive swimming. The book is heavily illustrated, with more than 500 illustrations and photos featuring world-class swimmers. Sequences of photos taken from the front, side, and underneath views show you exactly how to perform competitive strokes, starts, and turns. This book is a source that coaches and athletes will pull down from their shelves again and again for reference. In part I Maglischo masterfully explains the mechanics of competitive swimming. He presents detailed technique analysis of the four primary strokes: freestyle, backstroke, breaststroke, and butterfly. He also explores the roles of stroke rate, stroke length, and drag reduction and reevaluates the role of lift forces and the Bernoulli principle in swimming propulsion. He explains the complex relationship between stroke length and stroke rate and swimming speed, and he reviews recent findings on the physical basis of swimming propulsion and the techniques that swimmers use to apply propulsive force. Part II explains the physiology behind the most effective training methods and provides detailed sample workouts and training programs for each event. Maglischo provides critical information to help you train more accurately and monitor your

training more effectively. He evaluates current training theory, explaining why the anaerobic threshold theory of training needs revision and why muscle fiber types are important to swim training. Maglischo also presents important new studies that define the relationship between endurance and sprint training, and he suggests their implications for training. Part III addresses topics that pertain specifically to competition and racing. Maglischo shares his insights and recommendations for pre-race tapering, establishing race pace, racing strategies, and post-race routine. Every swimming coach and serious swimmer will benefit from this book. "Swimming Fastest" will be the first resource you turn to when you want to trim precious seconds off your best times.

Can't Fight This Feeling Claire Hastings 2020-05-04

For as long as Kyle Egan can remember, he has wanted only one thing: to run his own boat charter company. Not that he has much to complain about, as the lead charter boat captain at the Indigo Royal Resort in St. Thomas USVI. He gets to spend his days out on the water, never has to wear a tie, and works alongside his best friend, Drea Miller, who

happens to be the only other thing he wants. Drea Miller has been crushing on her best friend Kyle since the moment she saw him five years ago. Unfortunately, she is fully aware that he doesn't see her as more than a friend- oh, and the niece of his bosses. Working for the family-owned resort with her three annoyingly overprotective uncles has always been what she wanted, but lately she's started to wonder what else life might hold. If she can't have the guy she wants, maybe it's time that she makes another dream a reality. When an encounter with a guest brings out the truth, Kyle and Drea are left trying to navigate their feelings, but can their new love survive a revelation they never saw coming?

At the end of his life, after decades of painstaking research, Aur has finally achieved his dream of ascending to the role of Demon King. Using his newfound abilities, he summons an alluring succubus known as Lilu to serve him, and immediately begins the task of creating a dungeon--an underground kingdom in his own vision, filled with all manner of

fantastical creatures. As he weaves the intricate and dangerous world of his dungeon, he'll learn what it takes to become a true Demon King, with all the troubles, trials, and titillation that come with it. And his enemies will cower in fear!

Swimming Science G. John Mullen 2018-07-27

Swimming is often touted as one of the most accessible workouts—low impact, low tech, and beneficial at any stage of life. Yet each time you suit up and dive in, your body's moving parts must work together to propel you through dozens of pounds of water resistance, somehow emulating the movements of species that evolved specifically for the water. What are the physical forces at work when you get in a pool, and what determines whether you will sink or swim? Writing to competitive and novice swimmers alike, contributors to this volume break down every aspect of the sport. Swimming Science covers physiology, psychology, and safety, as well as hydrodynamics, nutrition, and technique. Each chapter examines these topics through a series of practical questions. What are the forces acting on you when you swim, and how do your muscles best generate propulsion against those forces? How much protein, salt, and iron should a swimmer consume, and how does energy from carbohydrates compare to energy from fats?

How important is the “swimmer’s physique” in competitive swimming, and is technique or strength more necessary for generating speed? These questions are examined with the aid of explanatory diagrams and illustrations, and the book can be used to search for particular topics, or read straight through for a comprehensive overview. Whether you are a competitive swimmer looking to optimize your performance or just beginning to dip a toe into the sport, *Swimming Science* is a must-read.

Swipe Right for a Cowboy Karen Foley 2020-03-19
They’re wrong for each other, but nothing has ever felt so right
Uptown girl Emmaline Claiborne needs a man, and not just any man. She needs the kind of man who can make her lying, cheating, no-good ex-boyfriend insane with jealousy. The same ex-boyfriend who is now engaged to her sister, and whose extravagant wedding she must suffer through in just three weeks’ time. She selects the perfect candidate through an online dating app, but instead of the smooth, sophisticated software magnate she expects, a rugged cowboy shows up instead. He’s the complete opposite of everything Emma is looking for. In fact, he’s exactly the kind of man she swore to her Texas ranching family she would never fall for. Which makes Cort Channing kinda perfect. Only before the weekend is over,

Emma finds herself wishing she could keep her fake boyfriend, spurs, chaps, and all. Can this committed city girl take the biggest chance of her life, and swipe right for a cowboy?

Vicious Minds: Part 3 J.J. McAvoy 2020-12-30

Calliope I know you hate me. I've ruined the family, you say? I've led Ethan astray? You say that it's all my fault. Haven't you learned by now that the weak are eaten by the strong? Only the most ruthless, the most vicious, can stand at the top. Whatever comes...just know, they deserved it. I told you to bow, didn't I? It is my time now. With love, Mrs. Callahan Melody Hate You? Little girl, you are not worthy of my hate. Ruined my family? Don't make me laugh. Hundreds have tried before you and failed. Hundreds will try after you and fail again, Because no matter what, we are strong. You preach about being ruthless or vicious— I am those words personified. The only bowing will be from you to me. Prepare yourself, Mrs. Callahan. The real Mrs.

Callahan is coming.
