Women Chloe Caldwell 2019-03 'A beautiful read / a perfect primer for an explosive lesbian affair / an essential truth' Lena Dunham 'I have meditated repeatedly on what it was about Finn that had me so dismantled.' A young woman moves from the countryside to the city. Inexplicably, inexorably and immediately, she falls in love with another woman for the first time in her life. Finn is nineteen years older than her, wears men's clothes, has a cocky smirk of a smile - and a long-term girlfriend. With precision, wit and tenderness, *Women* charts the frenzy and the fall out of love.

The Philosophy of Existence Joshua Harris Abbott 1911

Antoine of Oregon : A Story of the Oregon Trail James Otis 1912 Antoine of Oregon : A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes. The several narratives deal with the struggles of those adventurous people who forced their way westward, ever westward, whether in hope of gain or in answer to "the call of the wild," and who, in so doing, wrote their names with their blood across this country of ours from the Ohio to the Columbia. To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation, and at the same time to entertain in such a manner as may stimulate to noble deeds, is the real aim of these stories. In them there is nothing of romance, but only a careful, truthful record of the part played by children in the great battles with those forces, human as well as natural, which, for so long a time, held a vast 4 portion of this broad land against the advance of home seekers. With the knowledge of what has been done by our own people in our own land, surely there is no reason why one should resort to fiction in order to depict scenes of heroism, daring, and sublime disregard of suffering in nearly every form.

Affective Health and Masculinities in South Africa Hans Reihling 2020-04-24 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity,

this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Nudes Elle Nash 2021-04 Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Drifting Antonio Alvendia 2006-08-01 Dreamed up by drivers trying to outdo each other on the mountain passes of Japan, the art of the sideways descent of a switchback-what Wired described as "the fishtailing ballet of burning rubber called drifting"-has made it to the United States in a big way. What began as a new kind of daredevil driving among teens has, over two decades, become a sanctioned sport, making its way across the Pacific through video games and magazines, anime and the Internet, to take root in California's fertile underground racing culture. Drifting tells the story of drifting from its arrival on the West Coast to its emergence as the hottest form of motorsport in the United States. A dramatic visual record of the sport in America that includes over 400 photos, the book also profiles the people, teams, techniques, web sites, publications, videos, and trends that have made drifting the phenomenon that it is today. For the curious newcomer, author Antonio Alvendia's introduction succinctly explains what drifting is, setting the stage for the thrilling automotive drama that then unfolds. For the veteran drifting fan, this book is the first illustrated book on the latest motorsport to conquer the world.

The Falconer Elizabeth May 2014-05-06 Edinburgh, 1844. Beautiful Aileana Kameron only looks the part of an aristocratic young lady. In fact, she's spent the year since her mother died developing her ability to sense the presence of Sithichean, a faery race bent on slaughtering humans. She has a secret mission: to destroy the faery who murdered her mother. But when she learns she's a Falconer, the last in a line of female warriors and the sole hope of preventing a powerful faery population from massacring all of humanity, her quest for revenge gets a whole lot more complicated. The first volume of a trilogy from an exciting new voice in young adult fantasy, this electrifying thriller blends romance and action with steampunk technology and Scottish lore in a deliciously addictive read.

Unchained Mind Ricardo G. Williams 2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinking--chains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

Dear Black Girls Shanice Nicole 2021-02-08 Dear Black Girls is a letter to all Black girls. Every day poet and educator Shanice Nicole is reminded of how special Black girls are and of how lucky she is to be one. Illustrations by Kezna Dalz support the book's message that no two Black girls are the same but they are all special--that to be a Black girl is a true gift. In this celebratory poem, Kezna and Shanice remind young readers that despite differences, they all deserve to be loved just the way they are.

Social Anthropology and Language Edwin Ardener 2013-10-08 Providing a critical framework for the consideration of the relationship between modern social anthropology and linguistics, this volume covers topics such as classification, symbolism, and structuralism. The relevance of the works of Saussure, Lévi-Strauss and Chomsky is considered. There are two case-studies: the first outlines a 'social history' of the succession of pidgins that are documented on the West African coast, ending with Pidgin English. The second analyzes the status of three language varieties used in a 'trilingual' community in the Carnian Alps. Originally published in 1971.

Estimating Market Value and Establishing Market Rent at Small Airports Aviation Management Consulting Group, Inc 2020 "Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development." --Foreword.

The Rescue Artist Edward Dolnick 2010-11-16 In the predawn hours of a gloomy February day in 1994, two thieves entered the National Gallery in Oslo and made off with one of the world's most famous paintings, Edvard Munch's *Scream*. It was a brazen crime committed while the whole world was watching the opening ceremonies of the Winter Olympics in Lillehammer. Baffled and humiliated, the Norwegian police turned to the one man they believed could help: a half English, half American undercover cop named Charley Hill, the world's greatest art detective. *The Rescue Artist* is a rollicking narrative that carries readers deep inside the art underworld -- and introduces them to a large and colorful cast of titled aristocrats, intrepid investigators, and thick-necked thugs. But most compelling of all is Charley Hill himself, a complicated mix of brilliance, foolhardiness, and charm whose hunt for a purloined treasure would either cap an illustrious career or be the fiasco that would haunt him forever.

Confessions of a Male Gynecologist Andre Bellanger 2016-04-26 Curious about the world of obstetrics and gynecology? Want to know why a future doctor would want to specialize in gynecology? Or perhaps you'd just like a peek behind the curtain, so to speak -- and to hear some OBGYN secrets. If you're intrigued by any of these topics, or just want to know about women's health from an OBGYN who tells it like it is, this book is for you. "Confessions of a Male Gynecologist" reveals not only what your gynecologist is thinking when your feet are in the stirrups, but provides women with some frank advice. Dr. Bellanger provides readers with an education, gets on his high horse, and shares some unbelievable (and in many cases), "laugh-out-loud" stories. Here's what readers have to say ... "... full of insights you had no idea you wanted to know." "... informational, educational, and at times downright hysterical" "... answers all the questions you've ever had about your gynecologist" "... an entertaining experience." "... an insightful look into the complexity and realities of not only women's health, but the state of our health care system today."

Physical Sciences for NGSS Dr Tracey Greenwood 2020-05 Physical Sciences for NGSS has been specifically written to meet the requirements of the Next Generation Science Standards (NGSS) for High School Physical Sciences (HS-PS). It encompasses all three dimensions of the standards (science and engineering practices, crosscutting concepts, and disciplinary core ideas), addressing the program content through a wide range of engaging student-focused activities and investigations. Through completion of these activities, students build a sound understanding of science and engineering practices, recognize and understand the concepts that link all domains of science, and build the knowledge base required to integrate the three dimensions of the standards to meet the program's performance expectations.

Even More Parts Tedd Arnold 2004-09-02 Chip Block, the hero of *Parts*, is back, and still worried about falling apart based on the things he hears. This time he's made a list of all the strange, crazy things he's heard people say: "I lost my head." "My nose is running." "I sang my heart out. . . ." It's scary stuff, but he has a plan for making sure he doesn't accidentally leave any of his parts behind. A hilarious sequel to the wildly popular *Parts and More Parts*.
