**Essentials of Brass Playing** Fred Fox 1974 An explicit, logical approach to important basic factors that contribute to superior brass instrument performance.

**Tacky Rax King 2021** "TACKY is about the power of pop culture -- like any art, low or high -- to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fifteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we've learned to hate to love -- frosted tips and glosses, Sex and the City, The Cheesecake Factory -- into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact and its entwinement with Rax's millennial coming-of-age: an essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father, who loved the show; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures a personal and generational experience with clarity, humor, and heartfelt honesty"--

**Rock the Heart** Michelle A. Valentine 2012-11-20 For the last four years, good girl Lane has regretted breaking up with Noel Falcon. She thought she was sensible when she told him his dreams of being a rock star would get him nowhere, but now that he's a rock god and her career is stagnant, she realizes just how wrong she was.

When Noel hires the marketing company where Lane is an intern, she's forced to see him again. If she wants to land her dream job as executive within the company, she has to win him over and secure his account. Too bad Noel is still pissed at her for breaking his heart. When Lane's company flies her to a Black Falcon concert to gain Noel's attention, emotions run high the moment she sees him and realizes she's far from over him. But Noel's countless trysts with groupies and his cocky attitude make Lane believe he isn't the same guy she once loved-now he seems to only want her body. Then after Lane discloses she needs him to procure a job, Noel proves he's a changed man by forcing her to go on the road with him in order to get it. After Lane reluctantly takes Noel up on his offer, she becomes willing to do whatever it takes to keep him satisfied, even if it means succumbing to his seductive ways. Lane soon finds deception is a dangerous game and she's not the only one playing.

**Javatrekker Dean Cycon 2007-10-17** In each cup of coffee we drink the major issues of the twenty-first century-globalization, immigration, women's rights, pollution, indigenous rights, and self-determination-are played out in villages and remote areas around the world. In Javatrekker: Dispatches from the World of Fair Trade Coffee, a unique hybrid of Fair Trade business, adventure travel, and cultural anthropology, author Dean Cycon brings readers face-to-face with the real people who make our morning coffee ritual possible. Second only to oil in terms of its value, the coffee trade is complex with several levels of middlemen removing the 28 million growers in fifty distant countries far from you and your morning cup. And, according to Cycon, 99 percent of the people involved in the coffee economy have never been to a coffee village. They let advertising and images from the major coffee companies create their worldview. Cycon changes that in this compelling book, taking the reader on a tour of ten countries in nine chapters through his passionate eye and unique perspective. Cycon, who is himself an amalgam-equal parts entrepreneur, activist, and mischievous explorer-has traveled extensively throughout the world's tropical coffeelands, and shows readers places and people that few if any outsiders have ever seen. Along the way, readers come to realize the promise and hope offered by sustainable business principles and the products derived from cooperation, fair pricing, and profit sharing. Cycon introduces us to the Mamos of Colombia-holy men who believe they are literally holding the world together-despite the severe effects of climate change caused by us, their "younger brothers." He takes us on a trip through an ancient forest in Ethiopia where many believe that coffee was first discovered 1,500 years ago by the goatherd Kaldi and his animals. And readers learn of Mexico's infamous Death Train, which transported countless immigrants from Central America northward to the U.S. border, but took a horrifying toll in lost lives and limbs. Rich with stories of people, landscapes, and customs, Javatrekker offers a deep appreciation and understanding of the global trade and culture of coffee. In each cup of coffee we drink the major issues of the twenty-first century-globalization, immigration, women's rights, pollution, indigenous rights, and self-determination-are played out in villages and remote areas around the world. What is Fair Trade Coffee? Coffee prices paid to the farmer are based on the international commodity price for coffee (the "C" price) and the quality premium each farmer negotiates. Fair Trade provides an internationally determined minimum floor price when the C plus premium sinks below \$1.26 per pound for conventional and \$1.41 for organics (that's us!). As important as price, Fair Trade works with small farmers to create democratic cooperatives that insure fair dealing, accountability and transparency in trade transactions. In an industry where the farmer is traditionally ripped off by a host of middlemen, this is tremendously important. Cooperatives are examined by the Fairtrade Labeling Organization (FLO), or the International Fair Trade Association (IFAT), European NGOs, for democratic process and transparency. Those that pass are listed on the FLO Registry or become IFAT members. Cooperatives provide important resources and organization to small farmers in the form of technical assistance for crop and harvest improvement, efficiencies in processing and shipping, strength in negotiation and an array of needed social services, such as health care and credit. Fair Trade also requires pre-financing of up to sixty percent of the value of the contract, if the farmers ask for it. Several groups, such as Ecologic and Green Development Fund have created funds for pre-finance lending.

Next Extinct Mammal Rubén Quesada 2011 Poetry. Latino/Latina Studies. LGBT Studies. "Like Whitman, Quesada is a poet of motion—journeying to the center of the US, where the traditions and innovations of first-generation Americans traverse the meditative starbursts of hills; ford rivers; cross prairies; and seek out 'the alpenglow of tomorrow and tomorrow.' From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle one family's history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery winnings to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. This isn't the story of what it means to come to this country. It's the story of what it means to belong here"—D. A. Powell.
