In 1958, under the founding music director, Prof. Marvin Rabin, the Boston University College of Fine Arts established a youth orchestra for junior and senior high school students from the Greater Boston area. The Boston Youth Symphony Orchestras (BYSO), formerly known as the Greater Boston Youth Symphony Orchestras, has flourished over the past 60 years, impacting the lives of thousands of young musicians. BYSO members have experienced countless unforgettable moments, including performances at the White House, Carnegie Hall, and renowned concert venues across the

world. Today, under the musical leadership of Federico Cortese, BYSO serves 500 students from over 120 communities throughout New England. BYSO is one of Boston's most prestigious arts organizations, with a programmatic scope that includes three full symphonic orchestras, two young string training orchestras, six chamber orchestras, a preparatory wind ensemble, a chamber music program, and a nationally recognized outreach program that provides rigorous instrument instruction to students from underrepresented communities. In 2008, BYSO established an opera program that has become an integral part of the season repertoire. BYSO has selected

Reveals the effect that education can have on positive social change by examining the life of a conductor of the Los Angeles Philharmonic and the unique program that nurtured his talent back home in Venezuela and its

current availability in the U.S. 15,000 first printing. Oxford's highly successful listener's guides--The Symphony, The Concerto, and Choral Masterworks--have been widely praised for their blend of captivating biography, crystal clear musical analysis, and delightful humor. Now James Keller follows these greatly admired volumes with Chamber Music. Approaching the tradition of chamber music with knowledge and passion, Keller here serves as the often opinionated, always genial guide to 192 essential works by 56 composers, providing illuminating essays on what makes each piece distinctive and admirable. Keller spans the history of this intimate genre of music, from key works of the Baroque through the emotionally stirring "golden age" of the Classical and Romantic composers, to modern masterpieces rich in political, psychological, and sometimes comical overtones. For each piece, from Bach through to contemporary figures like George Crumb and Steve Reich, the author includes an astute musical analysis that casual music lovers can easily appreciate yet that more experienced listeners will find enriching. Keller shares the colorful,

often surprising stories behind the compositions while revealing the delights of an art form once described by Goethe as the musical equivalent of "thoughtful people conversing."

A pianist, arranger, and composer, William Pursell is a mainstay of the Nashville music scene. He has played jazz in Nashville's Printer's Alley with Chet Atkins and Harold Bradley, recorded with Johnny Cash and Patsy Cline, performed with the Nashville Symphony, and composed and arranged popular and classical music. Pursell's career, winding like a crooked river between classical and popular genres, encompasses a striking diversity of musical experiences. A series of key choices sent him down different paths, whether it was reenrolling with the Air Force for a second tour of duty, leaving the prestigious Eastman School of Music to tour with an R&B band, or refusing to sign with the Beatles' agent Sid Bernstein. The story of his life as a working musician is unlike any other--he is not a country musician nor a popular musician nor a classical musician but, instead, an artist who refused to be limited by tra-

ditional categories. Crooked River City is driven by a series of recollections and personal anecdotes Terry Wait Klefstad assembled over a three-year period of interviews with Pursell. His story is one not only of talent, but of dedication and hard work, and of the ins and outs of a working musician in America. This biography fills a crucial gap in Nashville music history for both scholars and music fans.

This comprehensive biography of George Gershwin (1898-1937) unravels the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music. Gershwin created some of the most beloved music of the twentieth century and, along with Jerome Kern, Irving Berlin, and Cole Porter, helped make the golden age of Broadway golden. Howard Pollack draws from a wealth of sketches, manuscripts, letters, interviews, books, articles, recordings, films, and other materials—including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982—to create an expansive chronicle of Gershwin's meteoric rise to fame. He also traces Gershwin's powerful presence that, even today, extends from Broadway, jazz clubs, and film scores to symphony halls and opera houses. Pollack's lively narrative describes Gershwin's family, childhood, and education; his early career as a pianist; his friendships and romantic life; his relation to various musical trends; his writings on music; his working methods; and his tragic death at the age of 38. Unlike Kern, Berlin, and

Porter, who mostly worked within the confines of Broadway and Hollywood, Gershwin actively sought to cross the boundaries between high and low, and wrote works that crossed over into a realm where art music, jazz, and Broadway met and merged. The author surveys Gershwin's entire oeuvre, from his first surviving compositions to the melodies that his brother and principal collaborator, Ira Gershwin, lyricized after his death. Pollack concludes with an exploration of the performances and critical reception of Gershwin's music over the years, from his time to ours.

Rhapsody in Blue catapulted George Gershwin into a world-famous career. It brought jazz into the concert hall using a musical language that was fresh, spontaneous, and uniquely American. This edition is based on the piano solo version, first published in 1924 by Warner Brothers Music Corporation. Editorial pedal and fingerings are included.

There's dreadful news from the symphony hall—the composer is dead! If you have ever heard an orchestra play, then you know that musicians are most certainly guilty of something. Where exactly were the violins on the night in question? Did anyone see the harp? Is the trumpet protesting a bit too boisterously? In this perplexing murder mystery, everyone seems to have a motive, everyone has an alibi, and nearly everyone is a musical instrument. But the composer is still dead. Perhaps you can solve the crime yourself. Join the Inspector as he interrogates all the unusual suspects. Then listen to the accompanying audio recording featuring Lemony Snicket and the music of Nathaniel Stookey performed by the San Francisco Symphony. Can you recall the time, or times, you did something for Jesus because you felt convicted by His Spirit to do so? Something or some things that required you to take a leap of faith in God? Something that, when you started your walk of faith, took you a lit-

tle out of your comfort zone? It took Dad a little bit out of his comfort zone when he felt God calling him to go to college to prepare for the gospel ministry. He didn't have enough money to pay for a college education; however, he believed with God's help he could find a way to pay his bills. Dad enrolled as a student at William Jewell College in Liberty, Missouri, for the fall semester of 1941.

The composer Witold Lutoslawski (born 1913) is one of the outstanding musical personalities of the twentieth century. In this critical biography Steven Stucky traces Lutoslawski's development from the Stravinsky-influenced music of his student days to his emergence in the 1960s as a leading avant-gardist. Since the vicissitudes of cultural life in his native Poland have profoundly affected the composer's career, the book includes detailed accounts of Lutoslawski's official censure for 'formalism' in the late 1940s and the leading role he later played in a flourishing Polish modernist movement. Both well-known works, such as the Concerto for Orchestra, *Trois poemes d'Henri Michaux* and the

Second Symphony, and the lesser-known early music are considered in detail. Fragments of many compositions never before published in the West are included. There are also analytical summaries of each major work from *Jeux véitiens* (1961) to *Mi-parti* (1976).

Practicing for Love By: Nina Kennedy Young Nina Kennedy was a child prodigy, a musical genius. Growing up in a segregated black community, she was forced to speak slang or “Ebonics” during the day to protect herself from bullying. At night, she would return home to speak the King’s English with her college professor parents, both esteemed classical pianists who felt their careers had been hampered by American racism. As a result, they were determined that their daughter would have the success that they never could. Practicing for Love: A Memoir reveals Nina’s work and recognition as a child prodigy from her first complete piano recital at age nine, to her debut as piano soloist with the Nashville Symphony before an audience of over 4,000 at age thirteen. She goes on to perform in concert and with orchestras throughout the country, and is accepted for study at the Curtis Institute of Music, and later at the Juilliard School. This book contains honest details about Nina’s romantic relationships, and sheds light on the impacts of sexism and racism on her career. Written in the #MeToo era, Practicing for Love also exposes the

inappropriate liberties taken by orchestral conductors, concert agents and impresarios, and recording executives - victimizing both females and males of all races.

This book establishes a foundation for complete mandolin musicianship, both in terms of music literacy as well as having the ability to jam with other musicians without reading music. The student logically begins by learning the “basic” fingering pattern used for the mandolin-friendly keys of A and D as shown in diagram form and standard notation. Tablature reading is lightly addressed, but not at the same time as note reading so the student avoids using tab as a crutch. A generous repertoire of progressively arranged exercises, fiddle tunes, a Bach bourrée, and folk and blues songs is included, often with online recordings and rarely seen complete lyrics. At this point, the book begins to diverge from its didactic approach to pure fun! As each new major key is introduced (G, C, F and E), the student learns the remaining principal scale finger patterns as well as a considerable amount of practical music theory covering pentatonic and modal scales and much

more. Fittingly, the book closes with a dictionary of essential chords and a glossary to aid in further development as a versatile mandolinist.

Pitts investigates the long term aims, impact and effects of music education in a school setting. Evaluating the extent to which school music provides a foundation for lifelong involvement in music, Pitts integrates empirical data with a review of historical and contemporary debates on the practices of music teaching and learning.

In Arranging Gershwin, author Ryan Bañagale approaches George Gershwin’s iconic piece Rhapsody in Blue not as a composition but as an arrangement -- a status it has in many ways held since its inception in 1924, yet one unconsidered until now. Shifting emphasis away

from the notion of the Rhapsody as a static work by a single composer, Bañagale posits a broad vision of the piece that acknowledges the efforts of a variety of collaborators who shaped the Rhapsody as we know it today. Arranging Gershwin sheds new light on familiar musicians such as Leonard Bernstein and Duke Ellington, introduces lesser-known figures such as Ferde Grofé and Larry Adler, and remaps the terrain of this emblematic piece of American music. At the same time, it expands on existing approaches to the study of arrangements -- an emerging and insightful realm of American music studies -- as well as challenges existing and entrenched definitions of composer and composition. Based on a host of newly discovered manuscripts, the book significantly alters existing historical and cultural conceptions of the Rhapsody. With additional forays into visual media, including the commercial advertising of United Airlines and Woody Allen's *Manhattan*, it moreover exemplifies how arrangements have contributed not only to the iconicity of Gershwin and *Rhapsody in Blue*, but also to music-making in America -- its people, their

pursuits, and their processes.

"Mitchell James Kaplan [brings] his impressive knowledge of history, composition, and the heart's whims to bear on this shining rendition of Swift and Gershwin's star-crossed love." —Therese Anne Fowler, *New York Times* bestselling author of *Z and A Good Neighborhood* "A lilting, jazzy ballad as catchy as a Gershwin tune...Rhapsody will have you humming, toe-tapping, and singing along with every turn of the page." —Kate Quinn, *New York Times* bestselling author of *The Alice Network* and *The Huntress* One evening in 1924, Katharine "Kay" Swift—the restless but loyal society wife of wealthy banker James Warburg and a serious pianist who longs for recognition—at-

tends a concert. The piece: *Rhapsody in Blue*. The composer: a brilliant, elusive young musical genius named George Gershwin. Kay is transfixed, helpless to resist the magnetic pull of George's talent, charm, and swagger. Their ten-year love affair, complicated by her conflicted loyalty to her husband and the twists and turns of her own musical career, ends only with George's death from a brain tumor at the age of thirty-eight. Set in Jazz Age New York City, this stunning work of fiction, for fans of *The Paris Wife* and *Loving Frank*, explores the timeless bond between two brilliant, strong-willed artists. George Gershwin left behind not just a body of work unmatched in popular musical history, but a woman who loved him with all her heart, knowing all the while that he belonged not to her, but to the world.

In this second volume of Rayno's magisterial treatment of the life and music of this remarkable maestro, Whiteman's career during the second half of his life is explored in the fullest detail, as Whiteman conquers the worlds of theater and vaudeville, the concert hall, radio, motion pictures, and televi-

sion, winning accolades in all of them. Through hundreds of interviews, extensive documentation, and exhaustive research of over nearly three decades, a portrait emerges of one of American music's most important musical figures during the last century. Rayno paints a stunning portrait of Whiteman's considerable accomplishments and far-reaching influence.

Prominent symphony conductor Maurice Peress describes his career conducting the premiers of such works as Leonard Bernstein's 'Mass' & Duke Ellington's 'Queenie Pie'. He traces the great impact of African American music on American music, beginning with the work of Antonin Dvořák.

The wind accompaniment to George Gershwin's popular piano solo, Rhapsody in Blue, is based upon the 1924 and 1926 Grofe editions for jazz band and theatre orchestra. Donald Hunsberger has scored this edition for 23 players which produces a leaner and more muscular version to serve as a com-

panion to Thomas Verrier's setting for full concert band or wind ensemble. (See Verrier listing above under Grade IV-V.)

"Pearson's excellent characters and plotting capture the complexity and beauty of family. . . . Pearson rises to another level with this excellent story." —Publishers Weekly
 starred review When the man she loved years ago returns to town, one young woman's complicated past rises again, threatening to expose her well-kept secrets. If Maxine could put her finger on the moment when her life went into a tailspin, she would point back twenty years to the day her daddy died. She tells herself he's the only person who ever really knew and loved her, and if he hadn't left her behind, her future would've taken a different path. No absentee mother, no stepfather, no rebellious ripping and running during her teenage years. And no JD, who gave her wandering young heart a home, at least for a time. But that's over and done with. All grown-up now, Maxine

has pledged her heart and ring finger to Theodore Charles, the man she'll promise to love, honor, and obey in front of God and everybody. At least that's what she's telling anybody who will listen. The only folks buying it are the dog and the readers of her column, however. Her best friend and family aren't having it—not even Celeste, the double bass-playing thirteen-year-old the community of Mount Laurel, North Carolina, believes is Maxine's adopted sister. And apparently, neither is the newly returned JD, who seems intent on toppling Maxine's reconstructed life. As her wedding day marches ever closer, Maxine confronts what it means to be really known and loved by examining what's buried in her own heart and exposing truth that has never seen the light of day. A Christian fiction novel with a poignant story of romance, a search for truth, and a journey to redemption. For fans of Chris Fabry, Lauren Denton, and Charles Martin.
