Struggle for the Spanish Soul Arturo Barea 1941

The War and the Bagdad Railway Morris Jastrow (Jr.) 1918 This book is about the path that connects Constantinople with Bagdad through Asia Minor. The war and the Bagdad Railway determines that this path and Asia Minor itself is at the core of the Eastern Question and how it is the determining element in bringing about the alternate rise and decline of the East.

The Acharnians Aristophanes 1887

Dynamics of Flexible Multibody Systems Edmund Wittbrodt 2007-04-17 A new approach is presented in this book for modelling multi-body systems, which constitutes a substantial enhancement of the Rigid Finite Element method. The new approach is based on homogeneous transformations and joint coordinates. Apart from its simple physical interpretation and easy computer implementation, the method is also valuable for educational purposes since it impressively illustrates the impact of mechanical features on the mathematical model.

Vaccine Supply and Innovation National Research Council 1985-02-01 The United States is facing a vaccine shortage that may threaten public health. This book examines vaccine research and development, production and supply, and utilization and offers recommendations aimed at ensuring vaccine supply and promoting innovation. In addition, this comprehensive volume provides information on the adverse reactions associated with the range of vaccines used in the United States and contains the most thorough analysis ever published on the state of the law regarding vaccine-related injury and compensation for vaccine injury.

New York Days Willie Morris 1994-11-02 The author describes his years as the youngest-ever editor-in-chief of "Harper's," recounting how he rubbed elbows with the likes of Woody Allen and Robert Kennedy

Nutritional Pharmacology Gene A. Spiller 1981 Abstract: Nutritional pharmacology is presented as the link between the nutritional and pharmacological health sciences and the application of both to medicine. Topics covered includes pharmacological use of nutrients and other compounds derived from foods (both in natural form or as chemically modified); the pharmacological uses of lecithin and choline; plant and marine sterols; branched amino acids;dietary fiber and other anti-nutrients; modified vitamin D compounds; retinoids; and lactulose. Each of these substanceclasses is discussed in terms of specific metabolic effects or in their relationship to specific diseases or disease treatment. The material should serve to stimulate interest in new ways to develop beneficial pharmacological agents of nutritional origin. (wz).

The Virgin Islands, Our New Possessions Theodoor Hendrik Nikolaas de Booy 1918

Bowser the Hound Thornton W. Burgess 2012-09-19 Bowser the Hound, outsmarted so often by Old Man Coyote, is taken advantage of once again when the coyote leads him on a long chase that ends far from the canine's home.

Antigones George Steiner 1996-01-01 According to Greek legend, Antigone, the daughter of Oedipus, secretly buried her brother in defiance of the order of Creon, king of Thebes. Sentenced to death by Creon, she forestalled him by committing suicide. The theme of the conflict between Antigone and Creon--between the state and the individual, between man and woman, between young and old--has captured the Western imagination for more than 2000 years. George Steiner here examines the far-reaching legacy of this great classical myth. He considers its treatment in Western art, literature, and thought--in drama, poetry, prose, philosophic discourse, political tracts, opera, ballet, film, and even the plastic arts. A study in poetics and in the philosophy of reading, Antigones leads us to look again at the influence the Greek myths exercise on twentieth-century culture. "A remarkable feat of intellectual agility."--Washington Post Book World "[An] intellectually demanding but rewarding book. . . consistently stimulating and sometimes disturbing."--The New Republic "An. . . account of the various treatments of the Antigone theme in European languages. . . Penetrating and novel."--The New York Times Book Review "A tradition of intelligence and style lives in this prolific man."--Los Angeles Times "Antigones triumphantly demonstrates that Antigone could fill several volumes of study without becoming tedious or exhausted."--The New York Review of Books

The Histories & The Annals Tacitus 2018-11-02 "The Histories" is a Roman historical chronicle and it covers the Year of Four Emperors following the downfall of Nero in 68 AD, a year in the history of the Roman Empire in which four emperors ruled in succession: Galba, Otho, Vitellius, and Vespasian. The mode of their accession showed that because imperial power was based on the support of the legions, an emperor could now be chosen not only at Rome, but anywhere in the empire where sufficient legions were amassed. The style of narration is rapid, reflecting the speed of the events. The narrative rhythm leaves no space to slow down or digress. To write effectively in this style, Tacitus had to summarize substantial information from his sources. "The Annals" is a history of the Roman Empire from the death of Augustus to that of Nero, the years AD 14–68, covering the reigns of Tiberius, Caligula, Claudius and Nero. As a senator, Tacitus had access to Acta Senatus, the Roman senate's records, thus providing a solid basis for his work. Along with The Histories, The Annals provide a key source for modern understanding of the history of the Roman Empire during the 1st century AD.

High on Gold Lee Richmond 2012-09-01 Escaping an LSD-crazed summer in Cambridge, Mass., Gerveys Lecomte hitchhikes west to California, which is about to become the "making it mecca of hippidom." It is 1965.

They Were Fire Lee Richmond 2017-09 Suzanne Danilov, ambitious young Field Engineer for the U.S. E.P.A., is dispatched as Incident Commander to a massive train wreck that has devastated a small town. Driving away at dawn from her husband and young son, she is eager to prove her leadership and her technical mastery. She is not prepared for Rick, charismatic Deputy Chief of the Springfield Fire Department. In a sensual daze after their first night together, Suzanne must manage an escalating series of confrontations, environmental disasters. fiery accidents and a rowdy Town Meeting, all under the cold-eyed scrutiny of the national press, while struggling with what to do about Rick and the family she has left behind. Lee Richmond is a professional writer. A graduate of Williams College, awarded a two-year literary fellowship, he drove night taxi in Cambridge, Massachusetts while writing a hippie novel, "High on Gold," which was published to good reviews (Charterhouse, Avon, Piscataqua Press). A video writer and director, he has created hundreds of educational and training productions, winning dozens of national awards.

Evaluation and Treatment of Insomnia Anthony Kales 1984

Nudes Elle Nash 2021-04 Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Tropical Plant Science G. K. Berrie 1987

Old Granny Fox Thornton Waldo Burgess 1920 When a deep winter snow carpets the Green Forest and nearby meadow, Granny Fox and Reddy have some disagreements on how best to find some food. But Granny - with her years of experience - wins out over Reddy and teaches him quite a bit about patience, common sense, and resourcefulness.

Whether you're studying for exams, off on vacation, or away on business, this is the ultimate dictionary for all aspiring Spanish speakers.

John Solomon: Supercargo H. Bedford-Jones 2020-06-23 ?Finding himself nearly penniless overnight due to a Wall Street crash, Frederick L.C. Harcourt, Viscount Ratcliff, receives an offer to host an archaeological excursion to East Africa on his yacht, the Daphne. Dr. Sigurd Krausz is an eccentric one, but he pays well, and agrees to crew the ship with his own men, provided Harcourt enlists a chief officer and engine room crew. Having taken a liking to Cyrus Hammer, a cattle-boat worker recovering from a tragic divorce, Harcourt offers him a junior partnership in the expedition, and the two are soon joined by one John Solomon who insinuates himself into the crew as the supercargo, in charge of obtaining the supplies and documents needed to ensure a smooth voyage. The trip proves anything but smooth when one of the offices is found murdered and everyone becomes a suspect! John Solomon: Supercargo is the second volume of master pulp writer, H. Bedford-Jones' John Solomon saga, which would go on to span eleven novels and numerous short stories from the 1910's into the 1930's.

Handbook of Nutrition and the Kidney William E. Mitch 2012-03-28 Thoroughly revised and updated for its Sixth Edition, this handbook is a practical, easily accessible guide to nutritional management of patients with acute and chronic renal diseases. Leading international experts present state-of-the-art information on these patients' nutritional requirements and offer dietary recommendations, with menus and lists of supplements to enhance patient compliance. Numerous tables and figures enable readers to find essential information quickly. This edition includes new chapters on the dietary approach to treating patients with kidney stones and hypertension, as well as on obesity and physical activity as they relate to patients with kidney disease.

Crossword Lists Anne Stibbs 2005

Obesity Gerald Fletcher 1999-12-16 Obesity is becoming increasingly prevalent in a worldwide context, and has been recognised as a major contributing factor in heart disease. This volume was authored by the participants in a 1998 AHA sponsored conference on the impact of obesity on cardiovascular disease. The three main sections of the book set out to evaluate current research pertaining to causation and cardiovascular sequela of obesity. Part I defines obesity, exploring its epidemiology, its genetic and non-genetic influences and its contribution to the problem of cardiovascular disease. Special attention is given to the primary prevention of obesity as a means of avoiding specific sequelae as well as the difficulties experienced by those who try to lose weight. Part II deals with the relatively new and much heralded discovery of obesity related genes the current state of diet drugs and valvular heart disease, and the interaction of obesity and metabolism, hormonal regulation and various other biological systems. Recent basic advances in the biological understanding of obesity are introduced. Part III suggests the most accurate ways of assessing BMI, of defining helpful dietary strategies and of managing the issues involved in the implementation of physical activity and pharmacological intervention as a means to decrease and maintain weight. Quality of life, economic issues and managed care settings are also discussed.

Sisters, Super-Creeps and Slushy, Gushy Love Songs Karen McCombie 2011 Ally knows her super-efficient big sis Linn finds their chaotic family a bit ... exasperating. But when Linn falls for Q, the tearaway lead singer in a local band, all her sensible ways go out of the window. Everyone else can see that Q's a creep, but does Ally have the courage to burst Linn's heart-shaped bubble?

Second Report of the Expert Panel on Detection, Evaluation, and Treatment of High Blood Cholesterol in Adults (adult Treatment Panel II). National Cholesterol Education Program (U.S.). Expert Panel on Detection, Evaluation, and Treatment of High Blood Cholesterol in Adults 1993

Dirt Poor - Spirit Rich James David Martin 2011

Political Memory in and After the Persian Empire Jason M. Silverman 2015-10-15 Various disciplines that deal with Achaemenid rule offer starkly different assessments of Persian kingship. While Assyriologists treat Cyrus's heirs as legitimate successors of the Babylonian kings, biblical scholars often speak of a "kingless era" in which the priesthood took over the function of the Davidic monarch. Egyptologists see their land as uniquely independently minded despite conquests, while Hellenistic scholarship tends to evaluate the interface between Hellenism and native traditions without reference to the previous two centuries of Persian rule. This volume brings together in dialogue a broad array of scholars with the goal of seeking a broader context for assessing Persian kingship through the anthropological concept of political memory.
