Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Under The Volcano MALCOLM LOWRY 1965

Thinking about Deterrence Air Univeristy Press 2014-09-01 With many scholars and analysts questioning the relevance of deterrence as a valid strategic concept, this volume moves beyond Cold War nuclear deterrence to show the many ways in which deterrence is applicable to contemporary security. It examines the possibility of applying deterrence theory and practice to space, to cyberspace, and against non-state actors. It also examines the role of nuclear deterrence in the twenty-first century and reaches surprising conclusions.

Pride Ibi Zobo 2018-09-18 In a timely update of Jane Austen's *Pride and Prejudice*, National Book Award finalist Ibi Zobo skillfully balances cultural identity, class, and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic. A smart, funny, gorgeous retelling starring all characters of color. Zuri Benitez has pride. Brooklyn pride, family pride, and pride in her Afro-Latino roots. But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable. When the wealthy Darcy family moves in across the street, Zuri wants nothing to do with their two teenage sons, even as her older sister, Janae, starts to fall for the charming Ainsley. She especially can't stand the judgmental and arrogant Darius. Yet as Zuri and Darius are forced to find common ground, their initial dislike shifts into an unexpected understanding. But with four wild sisters pulling her in different directions, cute boy Warren vying for her attention, and college applications hovering on the horizon, Zuri fights to find her place in Bushwick's changing landscape, or lose it all. "Zobo skillfully depicts the vicissitudes of teenage relationships, and Zuri's outsize pride and poetic sensibility make her a sympathetic teenager in a contemporary story about race, gentrification, and young love." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List")

Cybernetic Revolutionaries Eden Medina 2014-01-10 A historical study of Chile's twin experiments with cybernetics and socialism, and what they tell us about the relationship of technology and politics. In *Cybernetic Revolutionaries*, Eden Medina tells the history of two intersecting utopian visions, one political and one technological. The first was Chile's experiment with peaceful socialist change under Salvador Allende; the second was the simultaneous attempt to build a computer system that would manage Chile's economy. Neither vision was fully realized—Allende's government ended with a violent military coup; the system, known as Project Cybersyn, was never completely implemented—but they hold lessons for today about the relationship between technology and politics. Drawing on extensive archival material and interviews, Medina examines the cybernetic system envisioned by the Chilean government—which was to feature holistic system design, decentralized management, human-computer interaction, a national telex network, near real-time control of the growing industrial sector, and modeling the behavior of dynamic systems. She also describes, and documents with photographs, the network's Star Trek-like operations room, which featured swivel chairs with armrest control panels, a wall of screens displaying data, and flashing red lights to indicate economic emergencies. Studying project Cybersyn today helps us understand not only the technological ambitions of a government in the midst of political change but also the limitations of the Chilean revolution. This history further shows how human attempts to combine the political and the technological with the goal of creating a more just society can open new technological, intellectual, and political possibilities. Technologies, Medina writes, are historical texts; when we read them we are reading history.

Fandom as Methodology Catherine Grant 2019-12-03 An illustrated exploration of fandom that combines academic essays with artist pages and experimental texts. *Fandom as Methodology* examines fandom as a set of practices for approaching and writing about art. The collection includes experimental texts, autobiography, fiction, and new academic perspectives on fandom in and as art. Key to the idea of "fandom as methodology" is a focus on the potential for fandom in art to create oppositional spaces, communities, and practices, particularly from queer perspectives, but also through transnational, feminist and artist-of-color fandoms. The book provides a range of examples of artists and writers working in this vein, as well as academic essays that explore the ways in which fandom can be theorized as a methodology for art practice and art history. *Fandom as Methodology* proposes that many artists and art writers already draw on affective strategies found in fandom. With the current focus in many areas of art history, art writing, and performance studies around affective engagement with artworks and imaginative potentials, fandom is a key methodology that has yet to be

explored. Interwoven into the academic essays are lavishly designed artist pages in which artists offer an introduction to their use of fandom as methodology. Contributors Taylor J. Acosta, Catherine Grant, Dominic Johnson, Kate Random Love, Maud Lavin, Owen G. Parry, Alice Butler, SooJin Lee, Jenny Lin, Judy Batalion, Ika Willis. Artists featured in the artist pages Jeremy Deller, Ego Ahaïwe Sowinski, Anna Bunting-Branch, Maria Fusco, Cathy Lomax, Kamau Amu Patton, Holly Pester, Dawn Mellor, Michelle Williams Gamaker, The Women of Colour Index Reading Group, Liv Wynter, Zhiyuan Yang

Personal Networks Bernice Pescosolido 2021-09-16 Combines classic and cutting-edge scholarship on personal social networks. A must-have resource for both newcomers and seasoned experts.

A Book of Golden Deeds Charlotte Mary Yonge 1866

Pentecostalism and Witchcraft Knut Rio 2017-10-29 This open access book presents fresh ethnographic work from the regions of Africa and Melanesia—where the popularity of charismatic Christianity can be linked to a revival and transformation of witchcraft. The volume demonstrates how the Holy Spirit has become an adversary to the reconfirmed presence of witches, demons, and sorcerers as manifestations of evil. We learn how this is articulated in spiritual warfare, in crusades, and in healing or witch-killing raids. The contributors highlight what happens to phenomena that people address as locally specific witchcraft or sorcery when re-molded within the universalist Pentecostal demonology, vocabulary, and confrontational methodology.

On the Road Jack Kerouac 2002-12-31 The classic novel of freedom and the search for authenticity that defined a generation *On the Road* chronicles Jack Kerouac's years traveling the North American continent with his friend Neal Cassady, "a sideburned hero of the snowy West." As "Sal Paradise" and "Dean Moriarty," the two roam the country in a quest for self-knowledge and experience. Kerouac's love of America, his compassion for humanity, and his sense of language as jazz combine to make *On the Road* an inspirational work of lasting importance. Kerouac's classic novel of freedom and longing defined what it meant to be "Beat" and has inspired every generation since its initial publication more than fifty years ago. This Penguin Classics edition contains an introduction by Ann Charters. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Social Life of Economic Inequalities in Contemporary Latin America Margit Ystanes 2017-10-25 This book is open access under a CC BY 4.0 license. This edited volume examines how economic processes have worked upon social lives and social realities in Latin America during the past decades. Through tracing the effects of the neoliberal epoch into the era of the so-called pink tide, the book seeks to understand to what extent the turn to the left at the start of the millennium managed to challenge historically constituted configurations of inequality. A central argument in the book is that in spite of economic reforms and social advances on a range of arenas, the fundamental tenants of socio-economic inequalities have not been challenged substantially. As several countries are now experiencing a return to right-wing politics, this collection helps us better understand why inequalities are so entrenched in the Latin American continent, but also the complex and creative ways that it is continuously contested. The book directs itself to students, scholars and anyone interested in Latin America, economic anthropology, political anthropology, left-wing politics, poverty and socio-economic inequalities.

The Beautiful Renée Ahdieh 2021-06-29 The first book -- an instant bestseller -- in the sumptuous, sultry, and romantic YA vampire series from New York Times bestselling author Renee Ahdieh.

Vegetarian and Plant-Based Diets in Health and Disease Prevention François Mariotti 2017-05-23 *Vegetarian and Plant-Based Diets in Health and Disease Prevention* examines the science of vegetarian and plant-based diets and their nutritional impact on human health. This book assembles the science related to vegetarian and plant-based diets in a comprehensive, balanced, single reference that discusses both the overall benefits of plant-based diets on health and the risk of disease and issues concerning the status in certain nutrients of the individuals, while providing overall consideration to the entire spectrum of vegetarian diets. Broken into five sections, the first provides a general overview of vegetarian / plant-based diets so that readers have a foundational understanding of the topic. Dietary choices and their relation with nutritional transition and sustainability issues are discussed. The second and third sections provide a comprehensive description of the relationship between plant-based diets and health and disease prevention. The fourth section provides a deeper look into how the relationship between plant-based diets and health and disease prevention may differ in populations with different age or physiological status. The fifth and final section of the book details the nutrients and substances whose intakes are related to the proportions of plant or animal products in the diet. Discusses the links between health and certain important characteristics of plant-based diets at the level of food groups Analyzes the relation between plant-based diet and health at the different nutritional levels, i.e. from dietary patterns to specific nutrients and substances Provides a balanced evidence-based approach to analyze the positive and negative aspects of vegetarianism Addresses the different aspects of diets predominantly based on plants, including geographical and cultural variations of vegetarianism

The House of Shattered Wings Alette de Bodard 2015 In the late twentieth century, the streets of Paris are lined with haunted ruins, the aftermath of a Great War between arcane powers. Those that survived the carnage still retain their irrepressible appetite for novelty and distraction, and The Great Houses still vie for dominion over France's once grand capital. Once the most powerful and formidable, House Silverspires now lies in disarray. Within its walls, three very different people must come together: a naive but powerful Fallen angel; an alchemist with a self-destructive addiction; and a resentful young man wielding spells of unknown origin. They may be Silverspires' salvation--or the architects of its

last, irreversible fall. And if Silverspires falls, so may the city itself.

A Companion to Research in Education Alan D. Reid 2013-11-11 This volume offers a unique commentary on the diverse ways that educational inquiry is conceived, designed and critiqued. An international team of scholars examines cross-cutting themes of how research in education is conceptualised, characterised, contextualised, legitimated and represented. Contributions include specially commissioned essays, critical commentaries, vignettes, dialogues and cases. Each section discusses the significance of a complex terrain of ideas and critiques that can inform thinking and practice in educational research. The result is a thorough and accessible volume that offers fresh insights into the perspectives and challenges that shape diverse genres of research in education. ?

Literacy Through Language Arts Sharon Murphy 2003

Philosophy of the Arts Gordon Graham 2006-09-07 A new edition of this bestselling introduction to aesthetics and the philosophy of art. Includes new sections on digital music and environmental aesthetics. All other chapters have been thoroughly revised and updated.

Getting the Knack Stephen Dunning 1992 Introduces different kinds of poems, including headline, letter, recipe, list, and monologue, and provides exercises in writing poems based on both memory and imagination.

The Little Gods Rowland Thomas 1909

Interpretation James Nolan 2012-10-09 In recent decades the explosive growth of globalization and regional integration has fuelled parallel growth in multilingual conferences. Although conference interpreting has come of age as a profession, interpreter training programs have had varied success, pointing to the need for an instructional manual which covers the subject comprehensively. This book seeks to fill that need by providing a structured syllabus and an overview of interpretation accompanied by exercises in various aspects of the art. It is meant to serve as a practical guide for interpreters and as a complement to interpreter training programs in the classroom and online, particularly those for students preparing for conference interpreting in international governmental and business settings. This expanded second edition includes additional exercises and provides direct links to a variety of web-based resources and practice speeches, also including additional language combinations.

Strategic Latency Unleashed Zachary Davis 2021-01-30 The world is being transformed physically and politically. Technology is the handmaiden of much of this change. But since the current sweep of global change is transforming the face of warfare, Special Operations Forces (SOF) must adapt to these circumstances. Fortunately, adaptation is in the SOF DNA. This book examines the changes affecting SOF and offers possible solutions to the complexities that are challenging many long-held assumptions. The chapters explore what has changed, what stays the same, and what it all means for U.S. SOF. The authors are a mix of leading experts in technology, business, policy, intelligence, and geopolitics, partnered with experienced special operators who either cowrote the chapters or reviewed them to ensure accuracy and relevance for SOF. Our goal is to provide insights into the changes around us and generate ideas about how SOF can adapt and succeed in the emerging operational environment.

Nada Carmen Laforet 2020-08-11 Renowned as Spain's *The Catcher in the Rye*, this passionate coming-of-age novel follows a rebellious college-age girl as she uncovers her family's secrets in chaotic, polarized, post-Civil War Barcelona. Andrea, an eighteen-year-old orphan, moves in with her volatile Barcelona relatives to attend the local University. Living in genteel squalor in a mysterious house on Calle de Aribau, Andrea relies on her wealthy, beautiful, bohemian friend Ena to prove that normal life exists beyond the gothic dwelling she calls home. In one year, as her innocence melts away, Andrea learns the truth about her overbearing and religious Aunt Angustias, her cruelly sensual, musically gifted uncle Román and his violent brother Juan, and her lovely Aunt Gloria, who provides the family's bread with furtive gambling expeditions. She also learns the truth about Ena—and why her friendship goes hand in hand with her interest in Andrea's family. Peppered with dark humor, energy, and hope, Carmen Laforet's stunning classic is the story of a young woman who endures the harsh realities of post-Civil War Barcelona, emerging wiser and stronger, and with a bright future ahead of her.

Patterns for College Writing Laurie G. Kirszner 2011-12-22 Laurie Kirszner and Stephen Mandell, authors with nearly thirty years of experience teaching college writing, know what works in the classroom and have a knack for picking just the right readings. In *Patterns for College Writing*, they provide students with exemplary rhetorical models and instructors with class-tested selections that balance classic and contemporary essays. Along with more examples of student writing than any other reader, *Patterns* has the most comprehensive coverage of active reading, research, and the writing process, with a five-chapter mini-rhetoric; the clearest explanations of the patterns of development; and the most thorough apparatus of any rhetorical reader, all reasons why *Patterns for College Writing* is the best-selling reader in the country. And the new edition includes exciting new readings and expanded coverage of critical reading, working with sources, and research. It is now available as an interactive Bedford e-book and in a variety of other e-book formats that can be downloaded to a computer, tablet, or e-reader. Read the preface.

Acoustic Properties Tom McEnaney 2017-06-15 *Acoustic Properties: Radio, Narrative, and the New Neighborhood of the Americas* discovers the prehistory of wireless culture. It examines both the coevolution of radio and the novel in Argentina, Cuba, and the United States from the early 1930s to the late 1960s, and the various populist political climates in which the emerging medium of radio became the chosen means to produce the voice of the people. Based on original archival research in Buenos Aires, Havana, Paris, and the United States, the book develops a literary media theory that understands sound as a transmedial phenomenon and radio as a transnational medium. Analyzing the construction of new social and political relations in the wake of the United States' 1930s Good Neighbor Policy, *Acoustic Properties* challenges standard narratives of hemispheric influence through new readings of Richard Wright's cinematic work in Argentina, Severo Sarduy's radio plays in France, and novels by John Dos Passos, Manuel Puig, Raymond Chandler, and Carson McCullers. Alongside these writers, the book also explores Che Guevara and Fidel Castro's *Radio Rebelde*,

FDR's fireside chats, Félix Caignet's invention of the radionovela in Cuba, Evita Perón's populist melodramas in Argentina, Orson Welles's experimental New Deal radio, Cuban and U.S. "radio wars," and the 1960s African American activist Robert F. Williams's proto-black power Radio Free Dixie. From the doldrums of the Great Depression to the tumult of the Cuban Revolution, *Acoustic Properties* illuminates how novelists in the radio age converted writing into a practice of listening, transforming realism as they struggled to channel and shape popular power.

Women, Culture, and Politics in Latin America Seminar on Feminism & Culture in Latin America 1992-02-25 The result of a collaboration among eight women scholars, this collection examines the history of women's participation in literary, journalistic, educational, and political activity in Latin American history, with special attention to the first half of this century.

Decentralized Governance and Accountability Jonathan A. Rodden 2019-03-31 Reviews recent lessons about decentralized governance and implications for future development programs and policies.

Open Veins of Latin America Eduardo Galeano 1997 [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

Life in Mexico Madame Frances Calderón de la Barca 1982-09-30 Originally published in 1843, Fanny Calderon de la Barca, gives her spirited account of living in Mexico—from her travels with her husband through Mexico as the Spanish diplomat to the daily struggles with finding good help—Fanny gives the reader an enlivened picture of the life and times of a country still struggling with independence.

The Damned Renée Ahdieh 2020 In 19th century New Orleans, Sâebastien Saint Germain, cursed and forever changed, and Celine, recovering from injuries sustained during a night she cannot remember, uncover the danger around them, including their love.

Diplomatic Days Edith O'Shaughnessy 1917 Author was the wife of the secretary of the American Embassy in Mexico City. Through letters written from May 1911 to October 1912, she described her introduction to Mexico and the beginnings of the Mexican Revolution.

Born to Run Christopher McDougall 2011 Recounts the author's experiences with the reclusive Tarahumara Indians, whose techniques allow them to run long distances with ease, and describes his training for a fifty-mile race with the tribe and a number of ultramarathoners.

The Slynx Tatyana Tolstaya 2016-10-25 "A postmodern literary masterpiece." —The Times Literary Supplement Two hundred years after civilization ended in an event known as the Blast, Benedikt isn't one to complain. He's got a job—transcribing old books and presenting them as the words of the great new leader, Fyodor Kuzmich, Glorybe—and though he doesn't enjoy the privileged status of a Murza, at least he's not a serf or a half-human four-legged Degenerator harnessed to a troika. He has a house, too, with enough mice to cook up a tasty meal, and he's happily free of mutations: no extra fingers, no gills, no cockscombs sprouting from his eyelids. And he's managed—at least so far—to steer clear of the ever-vigilant Saniturations, who track down anyone who manifests the slightest sign of Freethinking, and the legendary screeching Slynx that waits in the wilderness beyond. Tatyana Tolstaya's *The Slynx* reimagines dystopian fantasy as a wild, horripilating amusement park ride. Poised between Nabokov's *Pale Fire* and Burgess's *A Clockwork Orange*, *The Slynx* is a brilliantly inventive and shimmeringly ambiguous work of art: an account of a degraded world that is full of echoes of the sublime literature of Russia's past; a grinning portrait of human inhumanity; a tribute to art in both its sovereignty and its helplessness; a vision of the past as the future in which the future is now.

Pelo Bueno Yolanda Arroyo Pizarro 2018-10-15 La abuela Petronila demuestra todo el amor que siente por su nieta, al contarle historias familiares. También brinda lecciones sobre la defensa del cabello natural. Este es un cuento que resalta las raíces de la afropuertorriqueñidad y que infunde orgullo para que crezca la autoestima en nuestros nietos y nietas, hijos e hijas.

The Reception of Darwinism in the Iberian World T.F Glick 2012-12-06 I Twenty-five years ago, at the Conference on the Comparative Reception of Darwinism held at the University of Texas in 1972, only two countries of the Iberian world—Spain and Mexico—were represented.' At the time, it was apparent that the topic had attracted interest only as regarded the "mainstream" science countries of Western Europe, plus the United States. The Eurocentric bias of professional history of science was a fact. The sea change that subsequently occurred in the historiography of science makes 1972 appear something like the antediluvian era. Still, we would like to think that that meeting was prescient in looking beyond the mainstream science countries—as then perceived—in order to test the variation that ideas undergo as they pass from center to periphery. One thing that the comparative study of the reception of ideas makes abundantly clear, however, is the weakness of the center/periphery dichotomy from the perspective of the diffusion of scientific ideas. Catholics in mainstream countries, for example, did not handle evolution much better than did their coreligionaries on the fringes. Conversely, Darwinians in Latin America were frequently better placed to advance Darwin's ideas in a social and political sense than were their fellow evolutionists on the Continent. The Texas meeting was also a marker in the comparative reception of scientific ideas, Darwinism aside. Although, by 1972, scientific institutions had been studied comparatively, there was no antecedent for the comparative history of scientific ideas.

The Crimson Gardenia and Other Tales of Adventure Rex Beach 2007-09-01 Rex Beach (1877-1949) was an American novelist and playwright. He was born in to a prominent family and pursued a career as a lawyer before being drawn to Alaska at the time of the Klondike Gold Rush. After five years of unsuccessful prospecting, he turned to writing. His first novel, *The Spoilers* was based on a true story of corrupt government officials stealing gold mines from prospectors, which he witnessed while he was prospecting in Nome, Alaska. *The Spoilers* became one of the best selling novels of 1906. His

adventure novels were immensely popular throughout the early 1900s.

Blood Meridian Cormac McCarthy 2010-08-11 25th ANNIVERSARY EDITION • An epic novel of the violence and depravity that attended America's westward expansion, Blood Meridian brilliantly subverts the conventions of the Western novel and the mythology of the Wild West—from the bestselling, Pulitzer Prize–winning author of The Road Based on historical events that took place on the Texas-Mexico border in the 1850s, it traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving.

The Mission of Janice Day 2020-02-24

Rhythms of the Afro-Atlantic World Ifeoma C Nwankwo 2010-11-22 "Collecting essays by fourteen expert contributors into a trans-oceanic celebration and critique, Mamadou Diouf and Ifeoma Kiddoe Nwankwo show how music, dance, and popular culture turn ways of remembering Africa into African ways of remembering. With a mix of Nuyorican, Cuban, Haitian, Kenyan, Senegalese, Trinidadian, and Brazilian beats, Rhythms of the Afro-Atlantic World proves that the pleasures of poly-rhythm belong to the realm of the discursive as well as the sonic and the kinesthetic." ---Joseph Roach, Sterling Professor of Theater, Yale University "As necessary as it is brilliant, Rhythms of the Afro-Atlantic World dances across, beyond, and within the Black Atlantic Diaspora with the aplomb and skill befitting its editors and contributors." ---Mark Anthony Neal, author of Soul Babies: Black Popular Culture and the Post-Soul Aesthetic Along with linked modes of religiosity, music and dance have long occupied a central position in the ways in which Atlantic peoples have enacted, made sense of, and responded to their encounters with each other. This unique collection of essays connects nations from across the Atlantic---Senegal, Kenya, Trinidad, Cuba, Brazil, and the United States, among others---highlighting contemporary popular, folkloric, and religious music and dance. By tracking the continuous reframing, revision, and erasure of aural, oral, and corporeal traces, the contributors to Rhythms of the Afro-Atlantic World collectively argue that music and dance are the living evidence of a constant (re)composition and (re)mixing of local sounds and gestures. Rhythms of the Afro-Atlantic World distinguishes itself as a collection focusing on the circulation of cultural forms across the Atlantic world, tracing the paths trod by a range of music and dance forms within, across, or beyond the variety of locales that constitute the Atlantic world. The editors and contributors do so, however, without assuming that these paths have been either always in line with national, regional, or continental boundaries or always transnational, transgressive, and perfectly hybrid/syncretic. This collection seeks to reorient the discourse on cultural forms moving in the Atlantic world by being attentive to the specifics of the forms---their specific geneses, the specific uses to which they are put by their creators and consumers, and the specific ways in which they travel or churn in place. Mamadou Diouf is Leitner Family Professor of African Studies, Director of the Institute of African Studies, and Professor of History at Columbia University. Ifeoma Kiddoe Nwankwo is Associate Professor of English at Vanderbilt University. Jacket photograph by Elias Irizarry

The Political Economy of Democracy and Tyranny Norman Schofield 2009 One theme that has emerged from the recent literature on political economy concerns the transition to democracy: why would dominant elites give up oligarchic power? This book addresses the fundamental question of democratic stability and the collapse of tyranny by considering a formal model of democracy and tyranny. The formal model is used to study elections in developed polities such as the United States, the United Kingdom, the Netherlands, Canada, and Israel, as well as complex developing polities such as Turkey. The key idea is that activist groups may offer resources to political candidates if they in turn adjust their polities in favor of the interest group. In polities that use a "first past the post" electoral system, such as the US, the bargaining between interest groups and candidates creates a tendency for activist groups to coalesce; in polities such as Israel and the Netherlands, where the electoral system is very proportional, there may be little tendency for activist coalescence. A further feature of the model is that candidates, or political leaders, like Barack Obama, with high intrinsic charisma, or valence, will be attracted to the electoral center, while less charismatic leaders will move to the electoral periphery. This aspect of the model is used to compare the position taking and exercise of power of authoritarian leaders in Portugal, Argentina and the Soviet Union. The final chapter of the book suggests that the chaos that may be induced by climate change and rapid population growth can only be addressed by concerted action directed by a charismatic leader of the Atlantic democracies.
