Crowned Heads Thomas Tryon 2013-09-24 Though the greats of Hollywood may fade, their secrets live on forever. Fedora is dead, and movies will never be the same. A star since the early days of Hollywood, she survived the business for an unprecedented four decades before retiring to Crete. As the years wore on and her costars turned wrinkled and worn, Fedora's perfect features never faded. Now that she has finally passed, the secret to her longevity will be told—a shocking revelation that will raise her to the level of myth. These four novellas tell the story of Fedora and three of her costars in 1955's infamous *The Miracle of Santa Cristi*. Alongside the ageless beauty are William Marsh, whose days as a leading man are numbered; Bobbitt, a former child star still trading on his boyish good looks; and Lorna, a dim bulb who's too sexy for her own good. When the film was shot, they were headed in different directions, but all ended up in the same place: forgotten, loathed, and unlamented.

Acid Dreams Martin A. Lee 1992 Provides a social history of how the CIA used the psychedelic drug LSD as a tool of espionage during the early 1950s and tested it on U.S. citizens before it spread into popular culture, in particular the counterculture as represented by Timothy Leary, Allen Ginsberg, Ken Kesey, and others who helped spawn political and social upheaval.

The Haight-Ashbury Charles Perry 2005-09 2005 marks the 40th anniversary of San Francisco's Haight-Ashbury district. The psychedelic community was probably the most widely written-about phenomenon of the 1960s apart from the Vietnam War. As unexpected as it was inevitable, the whole event from public manifestation to gaudy collapse happened in less than two years. In this acclaimed, definitive work, Charles Perry examines the history, the drama, and the energy of counter-cultures defining moment. First published by Rolling Stone Press in 1984 and now re-released with a new introduction by the Grateful Dead's Bob Weir to time with Haight-Ashbury's 40th anniversary, this highly acclaimed work is a must-have for anyone interested in the original sex, drugs, and rock n roll lifestyle.

Brands Adam Arvidsson 2006-04-19 Drawing on rich empirical material, this revealing book builds up a critical theory, arguing that brands have become an important tool for transforming everyday life into economic value. When branding lifestyles or value complexes

onto their products, companies assume that consumers desire products for their ability to give meaning to their lives. Yet, brands also have a key function within managerial strategy. Examining the history of audience and market research, marketing thought and advertising strategy; the first part of this book traces the historical development of branding, whilst the second part evaluates new media, contemporary management and overall media economics to present the first systematic theory of brands: the brand as a key institution in information capitalism. It includes chapters on: consumption marketing brand management online branding the brand as informational capital. Richly illustrated with case studies from market research, advertising, shop displays, mobile phones, the internet and virtual companies, this outstanding book is essential reading for students and researchers of the sociology of media, cultural studies, advertising and consumer studies and marketing.

The Protocols of the Learned Elders of Zion Sergei Nilus 2019-02-26 "The Protocols of the Elders of Zion" is almost certainly fiction, but its impact was not. Originating in Russia, it landed in the English-speaking world where it caused great consternation. Much is made of German anti-semitism, but there was fertile soil for "The Protocols" across Europe and even in America, thanks to Henry Ford and others.

Labour in a Single Shot Schwartz GRUNDMANN 2021-11-04 The book both extends and reflects upon a large-scale, international art project that has taken the form of an online database and numerous exhibitions (including the Venice Biennale and other important venues). The essays explore the social, political, and ethical ramifications of documenting global labour with a roving camera that often operates in close proximity to its human subjects. The inclusion of Antje Ehmman's journal entries, translated for the first time into English, will offer a real-time account of the workshops that will complement the scholarly essays' accounts of the videos.

Killing Love Rebecca Poulson 2015-09-01 This powerful, unforgettable and uplifting story is one part wrenching family memoir, and one part inspirational journey towards healing and forgiveness – but most of all, it's an unputdownable journey through one family's tragedy and how they refused to let it define them. On the day of Rebecca Poulson's 33rd birthday, her father, niece and nephew were murdered. The murderer had been part of her family; her brother-in-law, Neung, the father of the children. Killing Love is Rebecca's journey through homicide; grief, the police investigations, the media interest, the court cases, the moments of great despair – and the healing. It is a story of individual tragedy and a family's strength, but it is also a story of a community's attitude to family violence. As a reluctant warrior for those who cannot speak for themselves, Rebecca talked to the NSW State Premier and politicians, on multiple TV shows and to print journalists in the hope that the mistakes made by the

police force, DOCS, the legal system and solicitors will never be made again. Rebecca's contact with policy makers has been nothing short of history-making, and her story has directly influenced domestic violence laws in the state. Neung left a note for Rebecca's family; he hoped that he would destroy them. This is the story of how he didn't.

Of Corpse Peter Narvaez 2003-07 Laughter, contemporary theory suggests, is often aggressive in some manner and may be prompted by a sudden perception of incongruity combined with memories of past emotional experience. Given this importance of the past to our recognition of the comic, it follows that some "traditions" dispose us to ludic responses.

The studies in *Of Corpse: Death and Humor in Folklore and Popular Culture* examine specific interactions of text (jokes, poetry, epitaphs, iconography, film drama) and social context (wakes, festivals, disasters) that shape and generate laughter. Uniquely, however, the essays here peruse a remarkable paradox---the convergence of death and humor.

Scars, Marks & Tattoos Jacqueline Caruso 2021-03-31 I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). From Palestine to America Taher Dajani 2008 Taher Dajani remembers playing soccer with his neighborhood friends in his idyllic city of Jaffa, Palestine. But on April 24, 1948, when Taher was fourteen, his carefree lifestyle came to an abrupt end. His family, with little money and few possessions, escaped the city by sea in a crowded fishing trawler as Zionist militia encircled Jaffa. Taher's father believed the family was in danger, so overnight they became refugees. The family took refuge in Syria and later in Libya, which enabled them to rebuild their lives. They experienced grief at leaving a place they loved and felt a great sense of loss and displacement, but with perseverance the Dajanis began anew. *From Palestine to America* describes the family's experiences and their determination. Taher Dajani writes this memoir about his new life after leaving his beloved Jaffa---from his days as a college student in Chicago to his work with the central bank in Libya---and his position with the International Monetary Fund in Washington DC. Even though it has been sixty years since the Dajani family were forced to flee Palestine, they remember their heritage and roots, and Jaffa, Palestine, will forever be in their hearts.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for

more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt  
A Century of Austrian Design Tulga Beyerle 2006-01-01 A "Century of Austrian Design" offers a highly accessible overview of Austrian design culture from 1900 to the present against the background of the country's extremely turbulent industrial history. In the process, the key aspects are explained in essays by celebrated experts. The book attempts to delineate a specifically "Austrian" formal language, citing as examples specific achievements in historical and contemporary design. As it does so, it also sheds light on other defining moments of Austria's design culture, including the enormous potential of its inventors, the phenomenon of semi-industrial manufacturing, and the innovative design solutions advanced by the Austrian sporting goods industry. A yellow pages section with selected design addresses rounds off the volume.

Lydia's Open Door Patty Kelly 2008-04-02 In this groundbreaking ethnographic study, Patty Kelly examines the lives of the women who work in the Zona Galactica, a state-run brothel in Chiapas's capital city. By delving into lives that would otherwise go unremarked, Kelly

documents the modernization of the sex industry during the neoliberal era in the city of Tuxtla Gutiérrez and illustrates how state-regulated sex became part of a broader effort by government officials to bring modernity to Chiapas, one of Mexico's poorest and most conflicted states. Kelly's innovative approach locates prostitution in a political-economic context by treating it as work. Most valuably, she conveys her analysis through vivid portraits of the lives of the sex workers themselves and shows how the women involved are neither victims nor heroines.
